- These 8 assignments that I have listed have suggested completion dates. You may email me pictures of your assignment when you finish them (I will accept them before the suggested completion dates if you finish early). This will allow me a chance to grade them and update your grades on our SDS program faster. I will accept hard copies of these assignments by March 31st when school resumes if you do not submit them earlier electronically.
- Please check your google classroom account for additional assignments if our school's closure is extended.
- If you have any questions, please feel free to email me and I will try to answer you in a timely manner.
