

MID-DEL SCHOOLS 3 POINT TORNADO PLAN

1. Cancel school for a District-Wide Weather Day. In the event of an extreme severe weather report, as notified by the National Weather Service Forecast Office in Norman, Oklahoma, the Mid-Del Administrative Leadership Team will meet to consider school closure.
2. If school is already in session, the district's automated notification system will notify parents of an Early Release Day. If students remain, we will relocate them to one of the District's safe rooms. Mid-Del Schools currently has ten hardened safe rooms in the District. These are located at Del City Elementary, Midwest City Elementary, Parkview Elementary, Pleasant Hill Elementary, Schwartz Elementary, Soldier Creek Elementary, Carl Albert Middle School, Del City Middle School, Midwest City Middle School, and Mid-Del Technology Center.
3. If we have no warning, we will immediately shelter all students and staff in the safest areas within each school site and facility. However, we know from our research study that these areas during an extreme-wind event should only be used as a last resort.

Students/Staff Relocation: Students/Staff will be relocated to the following Mid-Del Safe Rooms.
