217-935-8321

1210 West State Highway 54
Clinton, Illinois 61727

Mr. Drew Goebel
Director of Business and
Support Staff Services
217-935-8321

Food Distribution Plan

The below is an update pertaining to the distribution of lunch and breakfast to our students as a result of the COVID-19, Coronavirus outbreak.

Beginning tomorrow, March 17th, the Clinton School District will have five Food Distribution Centers stationed throughout Clinton. The five locations will be Clinton Junior High School, Lincoln Elementary, Douglas Elementary, Webster Apartments, and Countryside Apartments. Food distribution will occur daily between 11:00 and 1:00.

Any student that needs a lunch and breakfast will be able to pick up a sack of food at any of the 5 distribution locations. Each sack will contain one lunch and one breakfast per student.

It is very important to note that you will only be allowed to pick up one sack per student, for each school day. Each day the district will be assembling only enough food for that day; therefore, parents will not be permitted to pick up multiple sacks for the entire week. This also means parents will not be permitted to pick up multiple sacks for multiple families.

The school district is committed to distributing lunch and breakfast to our students during the duration we are not in school. We will not be distributing food during Spring Break, which is March 23rd through March 27.

Please be patient with this process. We are in unprecedented times and the school district has never had to distribute food throughout Clinton. Fortunately, in the days leading up to the school closure, the district was able to make some last-minute changes to our food order to accommodate the level of food distribution that will take place.

I am asking you to please follow the process spelled out so that our students can receive a lunch and breakfast while school is not in session.

Thank you
