March 16,2020

The USD 387 Board of Education held an emergency meeting this evening to discuss the COVID-19 Pandemic and begin making contingency plans to serve our students the best way possible if we are faced with any closings due to the virus.

We receive updates every day in the form of Zoom meetings with State Department personnel. At this present time, no closings are being mandated beyond this week. Most districts are out of school this week for Spring Break. Dr. Randy Watson, Kansas Education Commissioner, recommended that we prepare for extended closures. More specifically, how we can provide essential services to students.

We will provide meals to those students that wish to eat school breakfast and lunch. Future updates about logistics and processes for doing this will be sent if we have to close.

We are working through how we might be able to offer some online learning for students during this time, as well as some other possibilities for education.

Dr. Watson stated that KSDE would likely make any recommendations for closures no later than Wednesday, March 18<sup>th</sup>. Please continue to check our website and Facebook page for updates.

Sincerely,

Brent Kaempfe  
Superintendent of Schools  
USD 387
