March 16, 2020

Dear Parents and Guardians,

The Maple Run School District remains committed to educating all of our students during this school closure.

At the time of writing this letter, school districts are still awaiting guidance from the Vermont Agency of Education for clarification of how to service students with IEPs during this period of time. Currently, the directive from Governor Scott is for maintenance of learning. Case managers are consulting with classroom teachers regarding accommodations for the work being sent home. More individualized plans will be developed for students with more complex needs as soon as we can.

Information is quickly changing, so I will update you as soon as I can with more relevant information. As mentioned above, Special Education Directors across the state have asked for more guidance from the Agency of Education on how to deliver services safely and as continuously as possible.

We thank you for your patience as we work to provide the best education for your child.

Andrea Racek

Director of Special Education  
Maple Run School District
