

Train Your School

Global Teletherapy's Coping During COVID-19 Response

Keep your therapist in place and train them how to provide services remotely in an effective way.

Global Teletherapy will train your therapist(s) on how to deliver therapy services remotely (teletherapy). Teletherapy is being utilized all across the country for special education related services including but not limited to Speech Therapy, Occupational Therapy, Counseling, Social Skills and Psych Services. Global Teletherapy will offer the following:

Clinical Support:

- Training for providing online services
- Training for providing online evaluations
- Lead Therapist to provide ongoing support
- Opportunities to collaborate with a network of tele practitioners
- Resources, games, activities targeting a wide variety of goals and age groups

Tech Set up:

- Tech checks/Test runs to ensure student and therapists are able to properly sign onto videoconferencing session.
