JAKE CHUNG, ED.D.  
Superintendent of Schools

## Elementary Level Language Activities for E-Learning Days

1. Review previous practice worksheets in your child's speech folder if they have one.
2. Practice following directions. Give 2-3 step directions and praise! These can be silly, active, and/or part of their daily routine.
3. Read a book with your child. Ask them questions about the book using "wh" questions: Who was in the story? Where did it take place? What happened in the story? etc.
4. Log into Flipgrid.com and enter code Langlo9221 and click on "Transition Words." Have your child submit a video of you explaining a sequenced event that occurred (i.e. morning routine, special event you attended, playdate with a friend, baking a dessert, etc.) or to provide a short summary about a book you read. Make sure you use transition words such as "first, second, next, last, etc."
5. Practice comparing and contrasting two items (i.e. Winter and Spring, apple and orange, plane and a bird, etc.). Discuss how they are similar and how they are different.
6. Find a wordless book or picture, and have your child describe the picture verbally and/or in writing using a complete sentence with correct sentence structure.
7. Have your child create a short story book about some of his/her favorite things. Have him/her read it to you and keep it with other books.
8. Play "which one doesn't belong and why?" (i.e. shoe, sock, pants, car)
9. Play "Would you rather.." (ie. go on a safari trip or travel to the moon?) Discuss why afterwards using complete thoughts and sentences.
10. Talk about things that make you happy, sad, frustrated, etc. Problem solve and discuss what to do if you or someone else is feeling that way.
