SUPERINTENDENT

March 17, 2020

Dear Parents and Guardians of Students receiving Special Education Services,

As the district monitors the situation and concerns with COVID-19 (Coronavirus) I would like to keep everyone updated on plans for supporting students who receive special education. During this school closure, we will attempt to provide students with support in non-traditional manners. The Mondovi School District is providing resources for at-home learning. These activities are intended to support skill maintenance and development. Direct special education instruction will not be occurring however special education teachers and related services providers (Occupational Therapy, Physical Therapy, and Speech and Language) have prepared activities to send home to each of the students. Additionally, they will be checking in periodically with families throughout the closure and available daily for questions.

If your child is currently in the evaluation/re-evaluation process, we will attempt to arrange for times to complete the assessment as long as regulations allow us to do so. We will attempt to hold all IEP and evaluation meetings in a timely manner utilizing online meeting formats along with conference calls as appropriate however there may be circumstances that require timeline extensions.

Please feel free to reach out to me or your child's service provider if you have any questions or if you need assistance in the event of a prolonged school closure.

Thank you for your understanding during this ever-changing situation.

Sincerely,

Cheyenne Steiner, Ed. S
Director of Special Education
School Psychologist
