

Student Medication Announcement

Important Message for Parents-

If your child has medication at school that you would like to pick up, please do so at your child's school tomorrow (Wednesday), March 18th, from 11:00 A.M-12:30 P.M. Identification will be required. We ask that you send an email to your building principal to let him/her know you plan to do the medication pick-up. Nurses will be on site to distribute the medication to parents. Once school resumes, please remember to return the medication. Thank you.
