

Marshall Junior High School

Lion Cubs School to Home Connection

Marshall Community Unit School District C-2 will continue supporting students and their families during the COVID-19 closure. If your student was in attendance on Monday, March 16, they brought home all textbooks, class notebooks, workbooks, AR/library books, along with all contents of their PE lockers.

We will be providing online resources related to academics and student wellness designed to maintain and sharpen skills that have already been taught. The expectation for work by students on these days off is encouraged, but optional, and will not be for a grade.

Schools will be open from 8:00am – 3:00pm each day for any student(s) that were not in attendance on Monday, March 16. Students may come to pick up their textbooks, class notebooks, workbooks, PE locker contents, and any medication that is needed.

Until March 31, we encourage you to make this time at home with your student fun, engaging, with some regular exercise to maintain physical fitness. At the bottom of this page, you will find the following link that will assist in accessing Marshall JHS online resources, websites, and/or apps that are being offered by teachers. Please try to encourage your student to take advantage of these learning resources to keep their minds sharp. We appreciate your patience and support. If you need assistance or have any questions, please contact the Marshall JHS Office at (217) 826-2812.

Sincerely,
Tony Graham
Marshall JHS Principal

It's a great day to be a Lion Cub!

MJHS Online Resources

To access online resources for below subject areas & teachers please go to
<https://www.marshall.k12.il.us/o/marshall-jr-high-school/staff>

Once you have been directed to the MJHS Staff page, please use either the “Select a Department” feature or scroll to find your desired subject and/or teacher. Our main focus through March 31 will be on core academic curriculum.
