March 14, 2020

All PUSD Families,

The Placerville Union School District has been closely monitoring the COVID-19 pandemic that has been growing throughout the world. The guidance that we have received from the CDC and our County Health Department was that we need to cancel and gatherings of over 250 individuals and we needed to implement social distancing.

In reviewing this guidance and with the growing number of positive cases throughout the area it has been decided that all schools in El Dorado County will be closed next week March 16-20. This includes all schools within the Placerville Union School District. We will be monitoring the situation and making a determination later in the week if this closure will be extended. At this point begin to think about plans through Spring Break.

Please read the attached correspondence from all El Dorado County Superintendents.

We understand that implementing these changes with such limited notice is challenging and disruptive, and we appreciate your patience and cooperation. We are grateful to community members throughout our county for their tremendous efforts during these challenging times.

In the next couple of days we will be sharing information with you on how school work will be distributed and how we will be able to continue to provide meals for our students.

Thank you,

Eric Bonniksen
