March 18, 2020

Dear Superior Staff, Students, and Families,

I hope that this letter finds you healthy and in good spirits. I must say, it has been a crazy week. There have been multiple directives from the State in the past couple of days. After a webinar yesterday and much discussion again today, we have been told to cease all student activities including coursework and enrichment activities until this State closure comes to an end. They have directed that we cease activities because we cannot guarantee that **all** students have access to appropriate learning devices or access to the internet or that we can successfully support the needs of **all** learners. Michigan Department of Education will be providing additional communication regarding resources that can be shared with parents for additional practice in a home setting. Once we receive more information, we will get it to you. Until then, treat the next 3 weeks like we are on a really long Spring Break.

As always if you have any questions, please let me know.

Sincerely,

William T. Valima  
K-12 Principal/Superintendent  
Superior Central School District
