Dear Parents or Guardians of Middle School Students:

The middle school teachers want to make available some enrichment activities for students to access in the time we are out of school. The activities are optional and not graded, however the middle school teachers will give extra credit up to 1 grade level in their class if students choose to do the activities. Example: Student currently has an “F” in the class, potentially the student could get a “D” in the class. Enclosed in the packet is a variety of activities on paper and also posted on google classroom from teachers whom have google classroom set up in their regular classes. Please email the classroom teacher if you have any questions. These activities are enrichment activities to help students. The classroom teachers can be contacted by email listed below.

Sincerely,

Mr. Graves
