Dear Parents and Guardians of Lockwood Elementary students:

This is an opportunity while we are out of school to offer enrichment activities for you child. The teachers at Lockwood Elementary have put together some enrichment activities for your child to take part in. The activities are not graded and are optional to help enrich your child's education. The teachers have put together a variety of activities and websites. If you don't have internet access, then utilize the paper copies in the packets. The elementary teachers will have educationally appropriate material according to the grade level your child is in. If your child's teacher had google classroom set up while they were in school, then those same teachers will post some activities on google classroom as well. Please email your child's classroom teacher if at any point you have any questions.

Sincerely,

Mr. Graves
