

## BRYAN COUNTY SCHOOLS DIGITAL LEARNING DAYS

Parents/Guardians,

To meet the needs of our students during this time of uncertainty, Bryan County Schools has created Digital Learning Days (DLD) for your child's classes. Teachers and school leadership have worked diligently over the past week to create quality instructional opportunities through a variety of virtual applications.

Please understand these days will look different, depending on your child(ren)'s grade, school and specific class. With that in mind, each school is reaching out to parents/guardians to explain their procedures and processes for DLDs. In fact, some classes may have already started posting work; however, most classes will begin on Monday, March 23<sup>rd</sup>.

Students unable to complete certain digital assignments on DLDs need to notify their teacher so alternative types of work can be made for them. If you are having issues with accessing the internet or Wi-Fi, please click on the following links for possible help.

[Free Internet Access](#)

[Potential WiFi Hotspots](#)

If your student is having trouble logging in at home, please contact your child's teacher. Just like a "normal" school day, any issues with assignments or classes should first be discussed with the teacher, then if not resolved, please reach out to the school's administration.

All school staff are available via email from 8 a.m. to 3 p.m., Monday through Thursday. Teachers, Counselors and Media Specialists will have posted times for when they are available to virtually "meet", teach or counsel students and/or parents/guardians.

Bryan County Schools is excited about working with you and your family to meet the challenges that have been laid before us. We thank you in advance for partnering with us as we continue to prioritize student learning during this time.

If you have any questions or concerns that the school has not been able to answer, please email me at [trobertson@bryan.k12.ga.us](mailto:trobertson@bryan.k12.ga.us).

Sincerely,

Trey Robertson  
Assistant Superintendent of Teaching and Learning  
Bryan County Schools
