

Hawkswood School

TRANSFORMING LIVES, EVERYDAY

March 17, 2020

Hello Families and Guardians,

Thank you for your patience and partnership as we navigate “distance learning” together.

As you know, you have received (hard copy) packets of work through March 27, 2020. Should Hawkswood School remain closed beyond March 27th, you will also have hard copies of work provided for Math, Science and Social Studies.

For Language Arts/Literacy, we will begin using our online/at home access to Unique and News 2 You. All teachers of all students are required to assign lessons for language arts and literacy through Unique/N2Y, beginning on March 30th, should we remain home and for the duration of the closure. *The 2 pages immediately following this cover letter will provide you with directions to login, a username and a password for each learner.*

Following login instructions for Unique/N2Y, please find a list of additional online resources that are available to you, that many of our students are already familiar with from their work here at school. These are some of the **free resources** available to all students during this time; please feel free to take a look and use as appropriate for your individual child.

Please note that all work that students complete at home must be returned via their backpacks on the first day we return to Hawkswood School. The work done online via Unique/N2Y will be viewed by their individual teacher.

I will absolutely be available during this period; please feel free to reach out to me if you have already spoken to your child’s teacher, and you need further clarification as it surrounds curriculum. Thank you!

Sincerely,

Michelle Moro, M. Ed.
Supervisor of Special Education
