## Middle School Online Learning

Kenner Discovery Middle School Families:

We hope this message finds you in peace and comfort during this challenging time.

There is no greater priority at this time than the health and well-being of children, families and the community. We ask that you designate time for self care and continue to practice social distancing.

The first day of Distance Learning for Discovery Schools K-12 students will begin tomorrow (Thursday, March 19, 2020). Each grade level leader will be communicating the weekly plan to all students at their grade level. As we begin our distance learning implementation, we are requesting the following from both students and parents:

### **Students**

- Work on academics for three (3) hours per day.
- Show HEART just as you would on campus and in physical classrooms.
- Complete all online learning opportunities prior to the due date.
- If you have a question, please email your teachers and virtually attend your teacher's online office hours. Click [here](#) to view teacher office hours. Click [here](#) to access middle school teacher email addresses.

### **Parents**

- With your child(ren), reinforce the importance of participating in all online learning opportunities that will be shared on an ongoing basis with your child by our teachers.
- With your child(ren), reinforce the importance of your child(ren) doing their best on all assignments.

We thank you for your patience and your continued support.

With H.E.A.R.T.,

The Middle School TEAM
