

Clarification: "School days" counted towards IEP due dates are any day for which your school is in session. Snow days (or any cancelled day) are not counted because school is not in session. Early Release (emergency release) days are to be counted as a "school day" since students are in session a portion of the day. Please refer to the "30 day timeline for evaluations" for assistance in determining IEP due dates. This document can be accessed through the [bdailecards.org](http://bdailecards.org) website. Click on the "Special Ed" tab and then click on Teacher Resources.
