

# SD161 Home Learning Options, K-2

\*\*Students: Make sure you have adult permission before going online!

## Reading/ Language Arts

- Read for 15-20 minutes every day
  - Read books/ materials at home (Try reading food labels like cereal boxes!)
  - Listen to/ watch books being read online at <https://www.storylineonline.net/>
  - Login to [RAZ Kids](#) to practice reading on your level
  - [Create a book report](#)
- Practice sight words
  - [Print off flashcards by grade level](#)
  - Practice reading and writing your sight words
  - Build sentences using your sight words
- Try [Word Family Sorts](#) from ReadWriteThink
- Draw a picture and label it
- Write a letter to a friend

## Math

- Check out the [Math Learning Center apps](#) to use digital manipulatives/ vocabulary
- Play free math games at <https://gregtangmath.com/>
- Here are some [Bridges Math Practice Books by grade level](#)
- Draw shapes. What pictures can you make from these shapes?
- Measure items in your house. You can use rulers, tape measures, scales, etc. Or, use non-standard measurement tools like paper clips, straws, blocks, etc. How many pieces of cereal does it take to measure a pencil?

## More Learning

- Physical Education
  - Try different stretches
  - Do jumping jacks and wall push-ups
  - Use <https://www.gonoodle.com/> for movement breaks!
- Music
  - Listen to your favorite songs
  - Sing songs you've learned in class
  - Use your hands/ feet to create a rhythm
  - Try creating music at <https://musiclab.chromeexperiments.com/Experiments>
- Art
  - Draw a picture
  - Use play-doh to make your own sculptures!
    - Here's a [simple recipe video](#) to make your own at home with flour, salt and water (food coloring optional)
  - Check out free art lessons for kids (with ads) on <https://www.artforkidshub.com/>
