

Good Evening Hillsboro Students & Parents,

Today the Governor of ND gave an executive order that K12 Schools should be closed to reduce the spread of the Coronavirus from **Monday, March 23rd to Tuesday, March 31st**. Our teaching staff will continue to work on giving our students opportunities to learn for these days the students are out of the building.

What does this mean? Our elementary teachers have prepared packets of lessons and activities for the elementary students to work on for next week while they are at home. We will have weekly packet drop-off and pick-up on Mondays at the elementary school. At the high school all students have a Google Classroom login. All teachers have their classrooms online that the students will log into and assignments, videos, and links will be given to students in order to continue learning remotely while at home. We are going to experience some kinks during this, but this will be a great way to engage students in learning while we cannot be in the building giving face-to-face delivery.

On Monday, March 23rd both schools will be open from 8:30am–5:00pm to allow parents to pick up their child's packets and instruments at the elementary school. At the HS we would like all students or parents to come and pick up their books, instruments and materials in order to use Google Classroom for their education platform. If any high school students do not have Wi-Fi the school will work with you to gain access at your home.

Hillsboro Schools will also be offering FREE meals to ALL children ages 1-18 starting Monday, March 23rd. If you are interested in this service, PLEASE answer this survey so we can get correct numbers: <https://forms.gle/5KyyMuCymSFL5Vmz8>

Through all of this, please ensure to your children that our goal is to get all students back in the buildings for face to face learning. We miss the students and we hear that they also miss our wonderful staff. This is a trying time, but we will get through this. Parents, hang in there.

We will continue to communicate any new information to you when we receive it. If you have any questions or comments, please call the high school office at 636-4360 or the elementary school office at 636-4711.

Please stay safe,

Superintendent Paula Suda

Mission: To lead and prepare learners to succeed in life.
