TRANSFORMING LIVES, EVERYDAY

March 20, 2020

Dear Families and Guardians,

As we approach the end of Week 1 of our "distance learning," I want to thank you for your partnership, your initiative and your communication. Please be reminded that the work you received is designed to give your child enough for an entire week; please do not feel pressure to complete everything all at once. Some days will be better than others, and that is why your classroom collaborative teams, in addition to administration, are here to support you and answer questions throughout the week.

Please remember that should we need to utilize Week 3 for "distance learning," that is when the online access to Unique and News 2 You will be available. As this is also our first time using the online access in an "at home" setting, there may or may not be glitches with initial login. In the event that there is, please reach out to your classroom teacher for troubleshooting assistance. As needed, they will contact me for additional support. This online component is for Language Arts/Literacy, and your packets will contain actual documents for the remainder of your academic subjects as well as activities of daily living.

Again, a sincere thank you for all you are doing in these unprecedented times. We miss all of you and wish you continued health and success during this period.

Sincerely,
Michelle Moro
