

FROM THE DESK OF THE SUPERINTENDENT

March 20, 2020

Dear Salt Creek District 48 Parents and Guardians,

Governor Pritzker's announcement this afternoon directed that all residents of Illinois shelter in place starting tomorrow. He also required that all schools remain closed until April 8th. I encourage all Salt Creek District 48 families to follow the Governor's mandates to help our communities control the spread of the COVID-19.

Our school district family cares deeply about our children. We recognize that being unable to interact with friends and adults at school is stressful for them. This week has been filled with experiences that none of us have ever experienced, including the concept of e-learning. Our Salt Creek District 48 staff have worked this week to continue developing learning experiences for your children that will guide their learning and enable them to develop their academic skills. Our hope is that we are all able to flatten the curve as quickly as possible.

Additional details of our e-learning activities will be communicated with all parents/guardians as we get closer to the originally scheduled Spring Break. We'll have further information for you Families that do not have Internet access should call Comcast Internet Essentials at (855) 846-8376 for free Internet.

Parents are encouraged to visit our school district website at saltcreek48.org for the latest updates and to learn more about our e-learning activities. Please email your school principal if you have any questions or need support. Principals are checking their email throughout the day.

In addition, please take a look at the attachment for further resources that can be used at home.

Thank you for your continued support of our schools.

Sincerely,

Dr. Jake Chung

Superintendent of Schools
