Friday, March 20, 2020

Good Evening Parents,

I just wanted to update everyone and let you know that the distribution of student work packets was extremely successful today. We only have a few packets that were not picked up. If you did not get the message regarding packet pick-up, through our centralized text and/or voice mail messaging, please let Lupe (in the office) know. We want to make sure that we have everyone's current phone number and/or email addresses on file.

Student work packets contained two (2) weeks' worth of work in them. Some teachers also included extra items that they felt might be helpful in these stressful and uncertain times.

As of now, we are scheduled to return on April 6, 2020. However, Governor Gavin Newsom issued a statewide order on March 19 instructing people to stay at home and prohibiting gatherings of more than 10 people. Although a lot of you have asked, at this time I do not have a definite answer as to whether school will reopen on April 6 or not. But as information is made available, I will in turn update all of you as well.

Please continue to check our website as we post additional updates and links that can assist you.

Sincerely,

Janet Stemler  
Superintendent/Principal
