

Jefferson School 2nd Grade Assignments for March 23-27  
Happy Learning!

Parents,

Below you will find lesson plans for the week. Please complete each column for each day. No paper will be turned in at this point, but [Seesaw](#) will be utilized soon. We know that technology issues are out there, but please bear with us as we navigate through all of this. Please do the best that you can with the resources you have available. Below are some tips and suggestions to help you along the way, but please reach out if you need further help!

- Morning work: this can be done on paper, white boards, or any media. Do not print, please.
- Reading: please use any literature resources available to you to complete this task (i.e. online, books, magazines, anything!!)
- Math: An account for your child has been created on [Zearn](#). Your teacher will provide login information via Remind or Dojo and you will USE YOUR CHILD'S CLASS CODE BELOW:  
Mrs. B: UT2Q7Z  
Mrs. Kinney: AQ7E3T  
Mrs. Carbajal: QY9F3U  
Mrs. Goyette: RG6M7Q

Find the lesson listed for that day if you choose to complete an online math lesson. If you do not have adequate online access at this time, please complete the alternative lesson. The [Money Menu](#) listed on Monday can be used for the entire week, with your child completing one or more activities per day.

- Spelling: Words can be found anywhere around your home-get creative!
- Daily Quick Write: Students will complete a QUICK journal entry each day. Check for: capital letters, punctuation, complete sentences, neat writing, and ADD DETAILS!
- Science/Social Studies: We have two online options for you to explore at this time. You can click on the Scholastic News link below, or use the daily lessons provided in the lesson plans.

[Scholastic News](#)

The classroom password is: **skilly19**

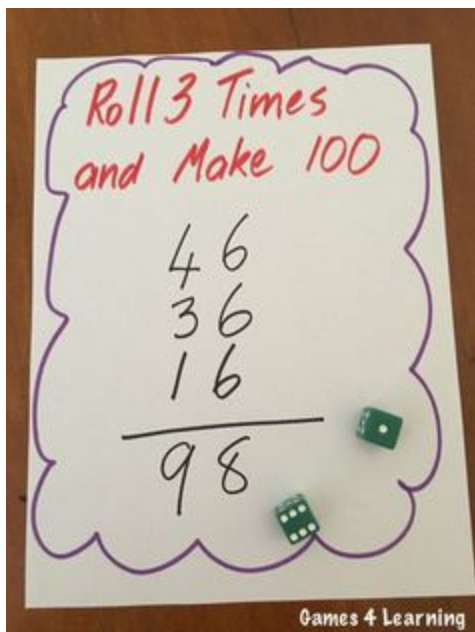

- Art: If you want to get your child's creative juices flowing, you can explore [Art For Kids Hub!](#) You can find all kinds of art lessons for kids, including how to draw for kids, even painting and origami for kids!

# 2nd Grade

On the following page, there are 3 completely optional fun math games for your enjoyment only.

## Flip Ten

Kids line up cards in four rows of five. Then, they flip two cards over. If the sum of the two cards equals 10, they keep the cards and replace the cards with two more from the deck. The game ends when there are no more matches left. A match includes 6 and 4, 7 and 3, 8 and 2, 5 and 5. Whoever has the most cards wins the game!

Note: You can change the game and have kids flip \_\_\_\_\_. Give them a different sum each time they play. For example Flip 5, kids look for 0 and 5, 1 and 4, 2 and 3.

### FLIP TEN
