

Fayette Central School Spring 2020 Plan

Remote Learning

At this time FCS remote learning is evolving at a pace to support teacher responsible and safe output (organizing resources), custodial staff responsible and safe output (cleaning and sanitizing materials), and parent respectful and kind input (receiving and helping their child(ren) at home). At this time, all work will be a review of what has already been taught to solidify skills, no new learning will be expected. Teachers will be in regular contact with students to maintain a regular schedule for consistency. Please check your email or provide an alternative method of contact by emailing your child(ren)'s teacher. The email addresses are here on the website: <https://www.fayettecentralschool.org/o/fayette/staff>). There will be no formal grading. Remote learning grading will be Informal assessments as teacher observation and feedback of completed assignments. Please commit to 30- 40 minutes of optimal learning per content area, not every content area every day. 30-40 minutes a day of learning, not necessarily 30-40 minutes at one sitting. Attendance will be determined by participation in the teacher assigned work. As of now, we are not collecting work.

Packet Contents

Laptop or iPad (if parent request ([Please sign the waiver and return in the self-addressed and stamped envelop](#))), Paperwork (if parent request), List of website URLs with student Usernames and Passwords, Items from desks and cubbies, and information from your teacher.

Packet Drop-off

Monday 3/30

How it Works

1. Busses will be running their regular morning run starting at 8:00 am Jess's run will start first then Erik's run will start second.
2. Students are not expected to begin their packet until Wednesday, April 1, 2020

There will not be any remote learning during April Vacation.

Future Drop off Dates and Times

You will be notified by the All Call Message System
