This Handbook has been prepared by the school and approved by the local school board, as a guide for students and parents to get acquainted with Selma Middle School and some of the ideals for which it stands. Organization is critical to a student's success in school. It is our intent that students maintain this handbook as a tool for organization in terms of what is happening in each class as well as school-wide. Because the handbook contains information about student rights and responsibilities, each student is responsible for knowing its contents. While this handbook covers several scenarios that take place in school it cannot possibly cover all scenarios that may occur. Any provision not covered in the handbook or any interpretation of its contents will be the administration's responsibility. This handbook is supplemental to Board Policy. Should a provision of the handbook contradict Board Policy, the Board Policy prevails.

To Parents:

Parents are asked to familiarize themselves with the contents of this book in order that they may better understand the program of the school. Attendance at Selma Middle School can be

a wonderful experience, but at the same time, should be an exceedingly serious matter that demands a high degree of cooperation. In this manner, parents and school can achieve the common goal of giving their students the best possible guidance toward the realization of their highest capabilities. You may help the school to serve your child's best interest by:

- Making it your responsibility to know your child's teachers and counselor.
- Calling the office to report absences.
- In the event of any questions, feel free to contact the office.

GRADING POLICY

Grading Periods

All Liberty-Perry Schools follow a nine-week grading period.

Honor Roll

The honor roll is published at the end of each grading period and displayed on the school's website at www.libertyperry.org. Honor roll list will be divided into two groups: an all "A" honor roll and an "AB" honor roll.

Grading Scale

The Liberty-Perry School Board has adopted the following corporation-wide grading scale:

A= 100-90% B= 89-80% C= 79-70% D= 69-60% F= 59-0%

ATTENDANCE POLICY

Liberty-Perry Community School Corporation is committed to fostering the academic and personal growth of its student body. The primary goal of this attendance policy is to encourage maximum student attendance. A student and parent must accept responsibility for the student's attendance. The business of school can be considered a person's first job in life. The habits developed and started in school may transfer to the rest of the student's academic and professional life. The State of Indiana places education at the top of its priorities. Accordingly, it is incumbent upon this school to use every reasonable measure to instill dutiful attendance habits in every student. The Indiana Department of Education sets a 95% benchmark for a school's minimum attendance rate. Attendance rate is used as one measure of success when public schools are placed in performance categories. In short, Indiana's attendance law mandates that every student enrolled must be in attendance unless he/she is ill or there is a death in the immediate family. Pursuant to IC 20-33-2-3.2, "attend" means to be physically present: (1) in a school; or (2) at another location where the school's educational program in which a person is enrolled is being conducted (i.e. eLearning); during regular school hours on a day in which the educational program in which the person is enrolled is being offered.

Reporting Absences

THE STUDENT'S PARENT OR GUARDIAN SHALL CONTACT THE SCHOOL AS SOON AS IS POSSIBLE PREFERABLY BETWEEN 7:00 AM AND 10:00 AM ON THE DATE OF ABSENCE IN ORDER TO STATE THE NATURE OF THE ABSENCE. Classes begin promptly at 8:00 a.m. daily. A student arriving later than 8:30 AM will be considered absent from his or her first period class. **Absences not authorized and verified by parent contact within 24 hours of the absence will be considered "unexcused"**. Students, who have reached the age of eighteen and are "emancipated" from their parents/guardian, may call in for themselves. A student is considered "emancipated" if they are eighteen and no longer living with their parent or guardian. Students who are eighteen years of age and still living with their parents are considered under their parents' rule and must be accounted for by their parents.

Attendance Committee

Should the principal or his designee deem it appropriate, an Attendance Committee may convene to discuss a student's attendance. The principal or his designee will determine the make-up of such committee.

Excused Absences

An excused absence is one that is approved by the principal or his designee. Upon immediate request of the returning student, arrangements may be made for make-up work missed due to an excused absence. Excessive absences may result in loss of course credit and/or expulsion. The term **excused** will refer to any absence from school or class based on the following:

- Personal illness verified by note (or call) from parent/guardian within 24 hours of the absence.
- Student medical or dental appointment verified by note from doctor/dentist.
- Funeral of a family member when approved in advance.
- Maternity, when approved in advance, with appropriate physician statement to support
- Military Connected Families (absences related to deployment and return) when approved by administration
- Principal or Designee's discretion

Note: Excessive absenteeism, tardiness, or a poor academic record will be considered when giving advance approval.

Unexcused Absences

An unexcused absence is one that is not defined as an "Excused Absence" or is not approved by the principal or his designee. **Schoolwork missed as a result of an unexcused absence may not be made up for credit. Students should complete the work to learn the curriculum but no credit shall be given.**

Exempt Absences

Under certain circumstances, the law requires the school to authorize the absence and excuse of a student (each of the following must be approved by the administration at least 3 school days in advance): serving as a page or honoree of the General Assembly (IC 20-33-2-14); serving on the precinct election board or as a helper to a political candidate or party on the day of a municipal, primary or general election (IC 20-33-2-15); when subpoenaed to testify in court (IC 20-33-2-16); serving with the National Guard for no more than 10 days (IC 20-33-2-17); or serving with the Civil Air Patrol for up to 5 days (IC 20-33-2-17.2).

Excessive Absences

A student will be limited to a total of seven (7) excused absences per semester. A student will be placed on an attendance contract at the sixth (6th) absence.

Upon a student's eighth (8th) absence, he/she will receive an after school detention and a conference with administration/parent will be scheduled:

Any absence after the eighth (8th) will require a doctor's certificate within two (2) school days of the absence (or the corporation nurse's approval) explaining in detail that the absence was due to a communicable disease that necessitated the physician to direct the student not to attend school on the specific date(s) in question. Without a doctor's certificate verifying such an illness the absence will be an unexcused absence(s) and the following may occur:

- 8th Absence: 1-hour detention
- 10th Absence: 1-hour detention
- 12th Absence: One (1) day in-school suspension
- 14th Absence: Social Probation
- 15th Absence: Student will be referred to Delaware County Juvenile Probation and The Department of Child Services.

Indiana Code 20-8.1-5.1

Grounds for suspension or expulsion are student misconduct or substantial disobedience. A student may be recommended for immediate expulsion from school for a period in excess of ten (10) school days or for the balance of a semester. The grounds for suspension or expulsion apply when a student is:

- On school grounds immediately before, during and immediately after school hours and at any other time when a school group is using the school.

The following include examples of student misconduct or substantial disobedience, but are not limited to:

1. Using violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or other comparable conduct constituting an interference with school purposes or urging other students to engage in such conduct. The following enumeration is illustrative of the type of conduct prohibited by this subdivision.

A. Occupying any school building, school grounds or part thereof with intent to deprive others of its use.

B. Blocking the entrance or exits of any school building or corridor or room therein with intent to deprive others of lawful access to or from, or use of the building corridor, or room.

D. Firing, displaying, or threatening use of fire-arm, explosives, or other weapons on the school premises for any unlawful purpose.

E. Prevention of or attempting to prevent by physical act the convening or continued functioning of any school or educational function, or of any lawful meeting or assembly on school property or at a school-related activity, including the making of a false report of a bomb, fire, or uncommon disease-producing organism, as well as triggering a false fire alarm and delivering or sending an actual or look-alike uncommon disease-producing substance to any school property, vehicle, or activity.

Knowingly possessing, using, transmitting, or being under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, or intoxicant of any kind. Engaging in inappropriate cell phone use such as "sexting" or storing any type of sexual images such as pornography or other sexual contents in any media. Also, "Child exploitation," a Class C felony under I.C. 35-42-4-4(b) is a student of any age who used the phone to (1) take a picture, (2) show a picture, (3) send a picture, or even offer

to show or send the picture of any person under the age of 18 engaged in "sexual conduct". The Indiana Sex Offender Registration Statute at IC 11-8-8-7 and the Sex Offender Registry Offense Statute at IC 35-42-4-11, as of May 2009, require persons convicted of or adjudicated as a juvenile delinquent for violating the Child Exploitation Statute at IC 35-42-4(b) to register as a sex offender. Since cell phones are utilized in our schools, we believe it is important that students and parents be aware of the above information.

Bullying can be defined as a student or groups of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the other students through overt, repeated acts or gestures, including verbal or written communications transmitted, and/or physical acts committed, or any other similar behavior as interpreted by the student being bullied is prohibited.

The parents of the bully and the targeted student(s) shall be notified on a regular, periodic basis of the progress and the findings of the investigation and of any remedial action that has been taken.
6. The *school's principal or assistant principal* will be responsible for working with the school counselors and other community resources to provide information and/or follow-up services to support the targeted student and to educate the student engaging in bullying behavior on the effects of bullying and the prevention of bullying. In addition, the school administrator and school counselors will be responsible for determining if the bullying behavior is a violation of law required to be reported to law enforcement under Indiana law based upon their reasonable belief. Such determination should be made as soon as possible and once this determination is made, the report should be made immediately to law enforcement.

7. False reporting of bullying conduct as defined in this rule by a student shall be considered a violation of this rule and will result in any appropriate disciplinary action or sanctions if the investigation of the report finds it to be false.

9. Counseling, corrective discipline, and/or referral to law enforcement will be used to change the behavior of the perpetrator. This includes appropriate intervention(s), restoration of a positive climate, and support for victims and others impacted by the bullying.

Tobacco and Electronic Vaping Products

Students have found ways to use nicotine products at school, as long as there have been schools in this country. Tobacco, electronic vaping product, and nicotine use by students has traditionally been considered to be a relatively minor nuisance and discipline problem. Tobacco use or electronic vaping and its possession has been a continued source of property damage and personal conflict at this and all schools. We now know that its use is a serious health threat not only to those who use it, but to nearby non-users as well. As a result, our society has placed many restrictions upon the use of these products in an effort to discourage its use and to protect the rights of those who choose not to use it. Similarly, we believe that it is the responsibility of this school to insist upon restraint by those who choose to continue to use these products in order to protect the health and property of users and non-users, alike. The use or possession of any of these products on school grounds or during any school-sponsored activity will result in a suspension. The first offense will result in a three (3) day in-school suspension. A second offense will result in a three (3) day suspension and certificate of completion for the following healthy choice education course:

<https://mededucation.stanford.edu/courses/vaping-prevention-a-self-paced-online-course-linear-version/>

and any additional offense or the refusal of this policy may result in expulsion and possibly a loss of credit for the semester.

Drug-free School Zone

Schools in the State of Indiana have been declared Drug-Free Zones. It is illegal to possess, use or sell a controlled substance or alcoholic beverages on school property, within 1000 feet of school property, or on a school bus. All individuals (including students) in violation of this law must be reported to law enforcement authorities. School administration, with reasonable suspicion, reserve the right to drug test anyone under the influence. Violation of this law is a Class B or D offense depending on the circumstances. Violation of these rules will also mean expulsion from school:

1. Possess, provide to another person, or be under the influence of any substance which is or contains alcohol, marijuana, a stimulant, an intoxicant, a narcotic, a depressant, caffeine-based pills, substances containing phenylpropanolamine (PPA), or a hallucinogen - whether prescription or sold over the counter (without a prescription) or any substance represented

by the provider to be any of the listed substances or any item that closely resembles any of the listed substances (a) on school grounds at any time on (b) at any school sponsored activity at any location including the school bus. *Use of medication by a student prescribed by a medical doctor, a dentist, or other health care provider authorized by law to prescribe medication for that student, does not violate this rule.*

2. Possess or provide to any person anything used or designed to be used primarily for the storage, processing, delivery or consumption of alcohol, marijuana, stimulants, intoxicants,

narcotics, depressants, or hallucinogens on school premises at any time or any location including the school bus. Examples of things that are not to be possessed or provided to another person are: pipes, rolling papers, clips, chargers, etc.

Fighting

- Students are not permitted to fight, make threats or harass other students.
- **First offense** may result in a 3-5 days out-of-school suspension or recommendation for expulsion.
- **Second offense** may be cause for expulsion.

A fight that causes medical and/or property damage could result in expulsion. An assault may result in expulsion. Students and parents may be liable for medical and/or property damage. ***If a student is physically or verbally threatening to a staff member additional punishment will occur, including expulsion from school. Local police will be contacted when an incident of fighting at school or at a school function***

Property Damage

Pursuant to Indiana Code 34-31-4-1, a parent of a child (who lives with the parent and over whom the parent has custody) is liable for up to \$5,000 in actual damages arising from each instance of harm to any person or damage to any property that is knowingly, intentionally, or recklessly caused by the child.

Dress Guidelines

Appropriate dress, grooming, neatness and cleanliness are attributes that should be encouraged for they can affect the learning/teaching attitude of the individual and the group. It is in this spirit that reasonable standards are established. It would be impossible to devise a policy that would cover all situations and generally speaking, good common sense is usually the best guide for deciding on appropriateness of appearance. But there are a few guidelines that need special clarification.

The administration and staff will be enforcing the following dress regulations:

1. Blouses and shirts should be worn that adequately cover the body. See-through blouses, bare midriffs, halter-tops, mesh shirts, spaghetti straps, strapless dresses or tops, tank tops, and shirts with open sides or with low cut necklines are not appropriate for school. Clothing that allows undergarments to be visible will not be considered appropriate for school.
2. Students are to wear school appropriate shoes in the building.
3. One's appearance should not be vulgar, obscene, indecent, offensive, promote secret organizations, or lead to a disruptive atmosphere.
4. Students are not to wear apparel that displays or advertises drugs, alcohol, or tobacco.
- Students are not to wear apparel that is sexually suggestive, racially biased, etc.
5. Students are not to wear hats, head coverings, sunglasses, bandannas, gloves, distracting clothing, or costumes
6. Apparel associated with gangs may not be worn or brought to school.
7. Backpacks and book bags are not to be in the classrooms at any time. They are to be in your locker only. Purses and bags in general, if carried to class, should be no bigger than the size of a standard box of Kleenex. Otherwise, they are to be in your locker only.
8. Clothing that is excessively baggy and/or excessively tight may not be worn alone. Again, clothing that allows undergarments to be visible will not be considered appropriate for school.
9. Shorts and skirts must be worn to that adequately cover the body. The principal, or designee, will have the final decision.

Note: The school will intervene (according to the judgment of teachers and administrators) if reasonable discretion has not been exercised to avoid undue distraction, to provide proper cleanliness, or to maintain proper levels of common decency.

Personal Contact

In consideration of all students, appropriate personal contact between students is expected at all times while on school property. The extent of any public display of affection between

students during school or school-sponsored events should be hand holding. Anything more may result in disciplinary consequences.

Cheating

Cheating of any kind will not be tolerated. Forms of cheating include, but are not limited to, using a cell phone or electronic device during instructional time without teacher permission, copying homework or tests from another student or allowing one to copy, using inappropriate materials during a test (calculators, formulas, texts, etc. that have not been approved for use on a test by the instructor), and plagiarism in any form. The first offense will result in loss of credit for that assignment or test. The second offense of cheating will result in a loss of credit in the class.

Detention

Detention is designed to permit students to serve penalties without missing class time. A detention may be assigned by the school administration to a student for disciplinary reasons. Detention will meet before school, during a student's lunch, or after school for one (1) or two (2) hours (lunch detentions will be for 30 minutes). All students who attend detention are expected to bring enough study material for a two (2) hour session. Parents or guardians will be notified of the detention and will be required to provide transportation for their child home from school on the day that they have been assigned detention. Students may be assigned a lunch detention for not completing class work such as homework OR for any school rule violation.

- If a student misses detention without permission this infraction will result in a two (2) hour detention, in addition to serving the initial detention.

A second missed detention may result in an out-of-school suspension and/or social probation

- After a student has accumulated four (4) detentions a following infraction may result in more severe consequences as deemed appropriate by administration including an out-of-school suspension and/or social probation.

- Students removed from detention for disciplinary reasons will face consequences for missing the detention.
- Students may be given additional rules to follow during the detention at the time the detention is served.
- Cell phones are not permitted to be used during detention.

Social Probation

Social Probation prohibits a student from participation in sports or attending school extra-curricular events such as school dances, club activities, or athletic events. Students also cannot go to the library or computer lab during study hall without a research pass from a teacher.

A student placed on Social Probation will remain on Social Probation until the end of the semester and may lose their driving privileges.

Social Probation is for:

- A student who receives more than four detentions for the same infraction in a semester.
- A student who has been suspended from school for the second time during a semester.
- A student who has been suspended for fighting more than once in a school year.
- A student who has been suspended from any class three or more total periods a semester, and/or a student who has violated the extracurricular code of conduct.
- A student found to be truant from school multiple times.
- A student that has received multiple F's on the most recent report card, at the principal's discretion.

In-School Suspension

In-school suspension is another manner of handling serious behavioral problems. When a student is serving an in-school suspension, he or she is to report to the office at the beginning of the school day (8:00AM), and remain under supervision until the close of the school day.

The student will not be permitted to attend any classes, and eating privileges will be restricted. An atmosphere of complete silence is observed at all times between 8:00 AM and 3:00 PM. Students are to continually write or read during the entire instructional day. There will be no reading or writing of any non-assigned material. Students who cannot follow ISS rules will be suspended out of school. Students may be given specific rules to follow while in ISS. Cell phones are not permitted in ISS.

TRANSPORTATION

School Bus Guidelines

Parents are reminded that school transportation is a privilege and not a right. The bus driver is the sole authority on the bus while students are being transported. Therefore, the driver shall treat all students with respect while keeping order, maintaining discipline, and seeing that no student is imposed upon or mistreated.

1. Students should be waiting at his/her boarding station when the school bus arrives to ensure timely and efficient busing transportation.
 2. Students will ride only assigned buses and will board and depart from bus stops at assigned bus stops.
 3. Each student shall be seated immediately upon entering the bus in the seat assigned by the driver.
 4. For the safe operation of the school bus, noise on buses shall be kept to a minimum with students speaking in reasonable conversational voices. Loud, boisterous, profane language, or indecent conduct shall not be tolerated. Students shall not be allowed to tease, scuffle, trip, hit, or use their bodies in any other objectionable manner. Passengers must be quiet at railroad crossings and other danger zones as designated by the driver.
 5. Doors and windows will be opened or closed only with the driver's permission.
 6. Students shall not stand or move from place to place during the trip.
 7. Students shall not enter or leave the bus until it has come to a full stop, and the driver has opened the door.
 8. Students are not to eat or drink on the bus. The bus is to be kept clean at all times.
 9. The bus driver/transportation director and/or the building administrator shall give the parent notice if a student faces the loss of riding privileges.
- The driver/transportation director may suspend the student for one (1) day after notifying both the parent and building administrator. The building administrator/transportation director may suspend riding privileges for a period of time as determined by the administration following consultation with the driver and student. Normal due process procedures will be followed for an extended loss of riding privileges.

SCHOOL POLICIES

Indiana Civil Rights Compliance Program for Vocational Education, Student Grievance Procedures

In the event that a student at Selma Middle School feels that an act or omission was made to them relating to protected rights based on age, race, color, religion, sex, handicapping conditions, national origin, or limited English proficiency, that student may obtain a grievance form from the guidance director, principal, or superintendent. This form will indicate the steps to be taken to continue and resolve the grievance.

Job Permit Policy

According to state and federal child labor laws, employment certificates (work permits) are mandatory for minors aged 14 through 17 years of age. Students who wish to secure a job permit must present to the Assistant Principal or designee an "Intention to Employ" card and proof of age certificate. If it is determined by the Assistant Principal or designee that the following criteria have been met, he will issue a work permit:

- The student has not received a failing grade in any class reported on the student's most recent grade reporting card.
- The student has not exceeded eight unexcused absences in any class.
- The student is not receiving a failing grade in any class at the time of issuance of the work permit.
- The student does not already have a work permit on file. After a student has been issued a work permit, the students' grades and attendance will be monitored by the Assistant Principal. If at any time, the student is receiving a failing grade in any subject or has exceeded the eight absences', the following steps will occur:
 - The principal or his designee will meet with the student as well as the student's parents and/or guardians.
 - Two options will be available at the time of the meeting:
 1. The student may be placed on academic probation for one month. If the student is not receiving a passing grade after the one month period, the work permit will be revoked.
 2. The work permit will be immediately revoked and the employer notified, if the parents and principal deem necessary and are in agreement.

Computer Usage

Students are urged to use the computers available throughout the building for research, projects, assignments, and other work assigned by teachers. However, students are to remain in the directory specifically assigned for their use. It is a criminal act under Indiana law to access a computer system or to damage or alter a computer program or computer data without the consent of the computer owner. Therefore, any student who is suspected of tampering with or trespassing on any of the school corporation's computers, computer programs, computer systems, or computer networks without authorization from the administration will be immediately suspended from school pending investigation by school administrators. Violation of this rule will result in expulsion and loss of credit. The results of the investigation will be turned over to the proper authorities if it is determined by school authorities that a criminal act may have been committed.

ALL STUDENTS WILL BE REQUIRED TO SIGN A COMPUTER USE CONTRACT AND HAVE IT ON FILE IN THE ADMINISTRATIVE OFFICE. ANY STUDENT, WHO VIOLATES THEIR COMPUTER CONTRACT AND IS ENROLLED IN A COMPUTER CLASS, WILL LOSE THEIR CREDIT IN SAID CLASS.

Locker Usage

A locker is assigned to students at the beginning of the year. The lockers are the property of Liberty-Perry School Corporation and are subject to inspection by authorized school personnel. The school is not responsible for stolen items so use common sense about giving out your combination, and making sure it is locked. All lockers made available for student use on the school premises, including lockers located in the hallways, physical education and athletic dressing rooms, industrial education classrooms and art classrooms, are the property of the school corporation. These lockers are made available for student use in storing school supplies and personal items necessary for use at school but the lockers are not to be used to store items which cause, or can reasonably be foreseen to cause, an interference with school purposes or an educational function, or which are forbidden by state law or school rules. A student may not expect to have privacy in a locker or its contents. The student's use of the locker does not diminish the school corporation's ownership or control of the locker. The school corporation retains the right to inspect the locker and its contents to ensure that the locker is being used in accordance with its intended purpose, and to eliminate fire and other hazards, maintain sanitary conditions, attempt to locate lost or stolen material and to prevent use of the locker to store prohibited or dangerous material such as weapons, illegal drugs, paraphernalia, or alcohol.

Note: THE WAPAHANI HIGH SCHOOL AND SELMA MIDDLE SCHOOL ADMINISTRATORS MAY CONDUCT RANDOM LOCKER INSPECTIONS AT ANY TIME. THESE INSPECTIONS CAN BE

CONDUCTED FOR ANY REASON AT ANY TIME WITHOUT NOTICE, WITHOUT STUDENT CONSENT, AND WITHOUT A SEARCH WARRANT. IF IT IS FOUND DURING AN INSPECTION THAT A STUDENT HAS FAILED TO COMPLY WITH ESTABLISHED SCHOOL POLICY AND OR STATE LAW, THE STUDENT WILL BE DISCIPLINED IN ACCORDANCE WITH SCHOOL POLICY AND OR STATE LAW.

Locker regulations are as follows:

1. Students may not use their own locks to prevent access by school officials and any unauthorized locks may be removed without notice and destroyed.
2. Lockers are to be cared for properly which includes no stickers, writing, markings or other means of causing damage.
3. Locker assignment changes are not to be made without permission of the assistant principal.

Personal Electronic Property

Personal electronic devices, including but not limited to radios, cameras, tape recorders, game boys, PSP's, MP3's, iPods, iPads, iTouches, cell phones, airpods, and other such electronic equipment are not to be used during instructional time unless approval has been given. Use of personal electronic devices, including cell phones, during class time (or when a student should be in class), without permission, will result in the device being confiscated and the appropriate discipline will be assigned. Electronic devices, such as cell phones or cameras, are not to be used in a manner that is inappropriate or a situation not related to a school purpose or educational function (i.e. taking pictures or recording audio or video without permission). It is recommended that students should not bring large amounts of money or expensive devices to school to prevent loss, damage, or theft.

Book Rental

The pupil should use a rented textbook in the same manner as a purchased book. The texts are the sole responsibility of the student and must be replaced if lost or stolen. If the text is misused, a repair, or replacement fee will be imposed.

Hall Passes

Students are not permitted in the halls during class periods unless they have a pass from a staff member, are accompanied by a teacher, or work for school service. Students needing to go to the library must obtain permission from an assigning teacher. Substitute teachers may NOT write passes to the library.

Library

The library has books, magazines, and pamphlets for assigned study and recreational reading. Students are expected to use the library for educational purposes and not as a place to visit with friends. These rules apply:

1. Materials must be properly checked out and returned on time so that others may use them. Late fees are charged for damaged or overdue materials.
2. Students losing library materials must pay the replacement cost of the materials.
3. Any unpaid fines or fees will be applied to the student's school fees.
4. Students who cause undue disturbance in the library will lose library privileges for a specified period of time. Exceptions are made if they are with a classroom teacher who is in charge of a class doing research.
5. Students from study hall may utilize the library at the discretion of the study hall teacher. Specific guidelines for using the library during study hall will be shared by the study hall teacher.

Cafeteria and Lunch Time

The food service personnel are genuinely interested in providing food and service that pleases most of the student body. By observing the following rules you can do your part in helping keep the cafeteria clean, attractive and a pleasant place to eat.

1. Do not throw food or anything else.
2. Keep the lines orderly, and do not cut in.

3. Empty all trash from trays into the containers. Return the trays and silverware to the receiving window.
4. Keep tables, chairs, and floors clean - pick up after yourself.
5. No food may be taken from the cafeteria.
6. You are welcome to bring a lunch from home to eat in the cafeteria.
7. No food or drinks (except bottled water, in a store-bought container) in the academic area without special permission from school administration.
8. Students are to remain the designated areas during lunch. Students must receive permission from the Lunch Supervisors to be in the academic area of the building or the gymnasium. Students found to be in violation may face disciplinary consequences.
9. Students are not permitted to run to lunch. Students found to be running in the halls may face disciplinary consequences.

Medication Policy

In compliance with School Board policy and state statutes pertaining to medication, Indiana Code 34-4-16.5-3.5 and the Indiana Administrative Code 511 IAC 7-1-2-, as well as other requirements, the following policy has been implemented:

1. No medication shall be administered to a student without the written and dated consent of the student's parent. The consent of the parent shall be valid only for the period specified on the consent form and in no case longer than the current school or program year.
 2. All nonprescription medicine to be administered to a student must be accompanied by a statement describing the medicine, the dosage, and the time for it to be administered to the student.
 3. All prescription medication, including injectable medication, and all blood glucose tests by finger prick to be administered to a student must be accompanied by a physician's prescription, a copy of the original prescription, or the pharmacy label.
 4. If the medication is to be terminated prior to the date on the prescription, the written and dated consent or withdrawal of consent of the parent is required. The written consent of the parent and the written order of the physician shall be kept on file.
 5. No student shall be allowed to keep medication at school on his/her person or in a locker. Failure to properly follow the Medication Policy may result in disciplinary consequences. Any medication to be administered to a student shall be brought to either the principal's or the school nurse's office where it will be kept in a secure place.
- Medication shall be administered in accordance with the parent's statement (in the case of nonprescription medicine) or the physician's order (in the case of prescription medication) only by a school nurse or other employee(s) designated by the school principal. All administration of medicine shall be documented in writing. Any designated employee who is responsible for administering injectable insulin or a blood glucose test by finger prick shall receive proper training and such training shall be documented in writing. These precautions are necessary to insure the safety of all students. We appreciate the cooperation of parents and guardians in carrying out this policy.

Injuries/Illness

If a student is injured or becomes ill at school, the student will inform the office and let a school representative contact the parent. In order to minimize disruptions to the learning environment at school, students are not to contact parents first. The student will be cared for temporarily by the school nurse until the parent is notified. The school will render first aid only. If emergency medical attention is necessary, the following procedure will occur:

1. The parent will be contacted by a school representative. or
2. The child may be transported to the emergency room at the hospital.

Postings/Advertisements

The Principal must first approve signs and posters that students wish to display. Posters displayed without authorization will be removed. Any student who posts printed material without approval shall be subject to disciplinary action. Postings/Advertisements that are approved must be removed when the message expires.

Telephone

The phone available for student use is located in the main office with the permission from the office staff.

Visitors

Selma Middle School wishes to be a friendly school. In order that we may extend appropriate hospitality and abide by the Corporation and State statutes defining and regulating trespassing, all visitors are expected to report to the office immediately upon entering the parking lot, campus, or building, and pick up a visitor's building pass. Our school policy is to accept only those visitors who have legitimate business to attend to at the school. Those wanting to visit the school for non-business reasons will need permission from administration. Parents are always WELCOME!

Criminal Trespass

It cannot be argued that individual members of the public enjoy a limited right of access to school facilities while conducting legitimate school-related business. However a person's conduct while so engaged cannot be such as to constitute a disruption or interference with the accomplishment of regular school functions. When such occurs, the building principal or other administrative official in charge of the particular facility can, and should, request that the person leave the premises. Failure to do so can result in prosecution for criminal trespass. I.C. 35-19-4-3. It shall be a misdemeanor for any person to refuse to leave the premises of any institution established for the purpose of the education of students enrolled therein when so requested, regardless of the reason, by the duly constituted officials of any such institution.

7540.03 - STUDENT NETWORK AND INTERNET ACCEPTABLE USE AND SAFETY

Advances in telecommunications and other related technologies have fundamentally altered the ways in which information is accessed, communicated, and transferred in society. Such changes are driving the need for educators to adapt their means and methods of instruction, and the way they approach student learning, to harness and utilize the vast, diverse, and unique resources available on the Internet. The School Board is pleased to provide Internet services to its students. The Corporation's Internet system has a limited educational purpose. The Corporation's Internet system has not been established as a public access service or a public forum. The Corporation has the right to place restrictions on its use to assure that use of the Corporation's Internet system is in accord with its limited educational purpose. Student use of the Corporation's computers, network and Internet services ("Network") will be governed by this policy and the related administrative guidelines, and the Student Code of Conduct. The due process rights of all users will be respected in the event there is a suspicion of inappropriate use of the Network. Users have a limited privacy expectation in the content of their personal files and records of their online activity while on the Network.

The Board encourages students to utilize the Internet in order to promote educational excellence in our schools by providing them with the opportunity to develop the resource sharing, innovation, and communication skills and tools that are essential to both life and work. The instructional use of the Internet will be guided by the Corporation's policy on instructional materials.

The Internet is a global information and communication network that provides students and staff with access to up-to-date, highly relevant information that will enhance their learning and the education process. Further, the Internet provides students and staff with the opportunity to communicate with other people from throughout the world. Access to such an incredible quantity of information and resources brings with it, however, certain unique challenges and responsibilities.

First, and foremost, the Corporation may not be able to technologically limit access, to services through the Corporation's Internet connection, to only those that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted guidelines and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available file server in the world, will open classrooms and students to electronic information resources which have not been screened by educators for use by students of various ages.

The Corporation has implemented the use of technology protection measures which are specific technologies that will protect against (e.g. filter or block) access to visual displays/depictions that are obscene, child pornography, and materials that are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Corporation or the Superintendent, the technology protection measures may be configured to protect against access to other material considered inappropriate for students to access. The technology protection measures may not be disabled at any time that students may be using the Network, if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any student who attempts to disable the technology protection measures will be subject to discipline.

The Superintendent or Technology Director may temporarily or permanently unblock access to sites containing appropriate material, if access to such sites has been inappropriately blocked by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protection actions of the technology protection measures.

The Corporation utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate

and/or harmful to minors. Nevertheless, parents/guardians are advised that a determined user may be able to gain access to services on the Internet that the Corporation has not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents/guardians may find inappropriate, offensive, objectionable or controversial. Parents/Guardians assume risks by consenting to allow their child to participate in the use of the Internet. Parents/Guardians of minors are responsible for setting and conveying the standards that their children should follow when using the Internet. The Board supports and respects each family's right to decide whether to apply for independent student access to the Internet.

Pursuant to Federal law, students shall receive education about the following:

A.	safety and security while using e-mail, chat rooms, social media, and other forms of direct electronic communications;
B.	the dangers inherent with the online disclosure of personally identifiable information;
C.	the consequences of unauthorized access (e.g., "hacking"), cyberbullying and other unlawful or inappropriate activities by students online; and
D.	unauthorized disclosure, use, and dissemination of personal information regarding minors.

Staff members shall provide instruction for their students regarding the appropriate use of technology and online safety and security as specified above. Furthermore, staff members will monitor the online activities of students while in school.

Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools to review browser history and network, server, and computer logs.

Building principals are responsible for providing training so that Internet users under their supervision are knowledgeable about this policy and its accompanying guidelines. The Board expects that staff members will provide guidance and instruction to students in the appropriate use of the Internet. All Internet users (and their parents if they are minors) are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying guidelines.

Students and staff members are responsible for good behavior on the Corporation's computers/network and the Internet just as they are in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature. General school rules for behavior and communication apply. The Corporation does not sanction any use of the Internet that is not authorized by or conducted strictly in compliance with this policy and its accompanying guidelines.

SERVICES AND ORGANIZATIONS

Student Activity and Responsibility

All students have the opportunity and are encouraged to be class leaders in school activities. With this opportunity comes student accountability to the school and those that are represented. Any student who holds a class office and/or who has membership in a club or activity runs the risk of losing said position and/or club membership if found guilty of violating any local or State law as determined by school authorities. The Principal will make the final determination of any student's eligibility to participate. Students who represent the school in any way must have impeccable character or risk losing the privilege of participating in school activities.

Guidance Counseling Services

Guidance counseling services are available to help students find solutions to their personal, educational, and vocational problems and to assist them in planning for their futures beyond high school.

Students will be called to meet with the guidance counselor on a regular basis. Students requesting an appointment with the counselor are welcome any time. They should bring a pass with them to the Guidance Office. You are encouraged to visit the Guidance office for more information.

Health Clinic

Students who become ill during the school day should report to their teacher who may send them to the clinic. If a student is determined to be ill by the nurse or her designee, arrangements will be made for the student to go home. If the nurse or designee determines the student's condition does not warrant leaving school, the nurse or designee will make the determination as to whether the student will remain in the clinic or return to class. STUDENTS ARE NOT TO CONTACT THEIR PARENTS, OR ANYONE ELSE, TO TAKE THEM HOME WITHOUT PROPER APPROVAL.

Student Council:

The student council is composed of the student body president, vice-president, and treasurer (all 8th grade students). There will also be 5 student council representatives from each class. The student body president heads the student council, while the vice-president and treasurer serve as officers. Student council members will be chosen at the beginning of the school year. These procedures will be followed for student council selection: Students will fill out an application and submit three teacher recommendations by the date and time announced and any student with an F will not be eligible for student council. Student Council members must follow all school rules and policies.

Extracurricular Activities

Selma Middle School is proud of its school and the activities offered during the school year. We want as many students as possible to participate in extra-curricular activities. Students are strongly encouraged to get involved and be a part of the opportunities of these activities.

Please refer to this Handbook for a list of activities for students.

After-School Activities

Only the students who are under direct supervision of a teacher may stay after school. All others must leave the school grounds or be subject to prosecution for criminal trespass. Students found to be using school facilities without appropriate supervision of a Liberty Perry Community School Corporation employee will face school discipline consequences for insubordination.

Before School

Students are not to enter the academic area until the bell rings at 7:45 AM without permission from the main office.

Soliciting by Classes and Organizations

Classes or school-sponsored organizations may not solicit funds from, or sell any product to the general public without the approval of the school principal. Only those approved fund-raising activities may be conducted on school grounds.

National Honor Society Requirements:**SCHOLARSHIP**

- No one with an accumulative grade average below 3.75 will be considered for membership.
- Junior students with grade averages 3.75 and above will be evaluated upon whether they will be able to maintain the 3.50 average.
- Seniors (2022-23) with a 3.50 grade point average who were not selected as juniors will be considered eligible.
- In addition to the grade point average, candidates will be required to be in good academic standing by taking some or all of the most rigorous academic courses offered and be on track to graduate within four years.

LEADERSHIP

- Potential members will be evaluated based upon leadership positions that they have held in school-sponsored activities(class officers, student council, subject related clubs, etc.).
- Potential members will be evaluated based upon leadership positions which they have held in the community (4-H, Junior Achievement, church organizations).
- The fact that a student is elected to an office is not sufficient to qualify for membership. The student will be evaluated upon how well duties associated with the office are performed.
- Potential members will be evaluated upon the leadership they have exerted in the classroom. They must demonstrate a positive influence upon the behavior of other class members and of guidance in class-related projects.
- Potential members will also be evaluated on how actively they participate in extra-curricular activities. The influence upon others to develop a good work ethic is an essential part of leadership.

SERVICE

The willingness that potential members have shown to help others is demonstrated by an active participation in school and community related activities and a genuine concern for others who may be having personal problems. All NHS members must perform ten (10) hours of service per year.

CHARACTER

- Willingness to abide by the rules imposed by society is an indication of character. In line with this, the following items will be reviewed:
 1. Relationship with teachers and school personnel
 2. Unexcused absences
 3. Suspensions from school
 4. Expulsions from school for the remainder of a semester will be evaluated as a serious breach of character.
 5. Conflict with the law
 6. Any incident that would bring dishonor to the NHS and WHS.
- We believe maintaining strong moral convictions are part of character. Honesty is part of these morals; therefore, an incident of cheating will be viewed as a definite breach of character. People do make mistakes and in some cases do grow for them. Evidence of cheating will be evaluated upon how many and how recent. A pattern of dishonesty will be

viewed as a reason for disqualification from possible membership.

- Maturity and the ability to persevere in time of trial or duress are further indications of character, as is the determination to finish a project once it is started. Examples of this type of behavior by potential members will be taken into consideration.
- Since much care is taken in selecting members, once selected and initiated, members are expected to maintain or improve upon these qualities. Members are expected to be active in NHS projects and NHS members are expected to exert a strong, positive influence upon the school and community.

EMERGENCY PROCEDURES

Wapahani High School and Selma Middle School will conduct a variety of school safety drills on a regular basis. During such drills students are expected to follow the guidelines established by teachers and other school personnel.

Fire Drills

Fire drills will be signaled by a continuous blast over the P.A. system. They will be held at regular intervals and are an important safety procedure. It is essential that when the first signal is given, everyone obeys orders promptly and clears the building by the prescribed route as quickly as possible. The teacher in each classroom will give the students instructions before exiting the classroom.

Tornado Drills

A tornado drill will be announced by the P.A. system or by an air horn sounding when the power is out. You are to follow the instructions as given by the classroom teacher. When you arrive at your assigned area, sit down and be silent. Follow all instructions given to you.

In the event of any other type of emergency students will follow directions given by their teacher.

THE BRAVE CODE OF CONDUCT

Selma Middle School Academic Eligibility

A student attending Selma Middle School will be required to pass all classes in order to participate in interscholastic athletics and any extracurricular clubs.

Students with failing grades (F's) will be deemed ineligible to participate in competitive events. Students may try out, and secure a roster spot, for athletic teams when ineligible. Students may gain or lose eligibility at both midterm reports and report cards. Any student who is ineligible on two consecutive checks, report cards and progress reports included, will be ineligible for the remainder of that athletic season. When a student loses eligibility, assuming it is not the second consecutive check, that student may continue to practice (at the discretion of school administration and coaches), but will be unable to attend athletic competitions as a member of that team. In addition, ineligible students may not ride team buses to competitions.

Extra-curricular Participation and Attendance

Students who are under any school suspension cannot participate in practices, competitions, or attend events until the suspension has been served to completion unless provided special permission by school administration. Students must appear for at least the final 4 periods of the school day to participate in any practice, competition, or school event. The principal or designee may give permission, in special cases, for exceptions to this rule. i.e. a student leaves school early for an appointment.

Students missing school on Friday may participate in Saturday practices, competitions, or events if the coach, parents, and principal agree that their participation or attendance is justified.

The principal or designee may give permission, in special cases, for exceptions.

All Selma Middle School students wishing to participate in athletics at Selma Middle School must have on file, in the athletic director's office, a completed physical form for the year they wish to participate, a signed "Brave Code of Conduct" form, a signed student and parent cardiac arrest waiver form, a signed student and parent concussion protocol waiver form, and a completed emergency information card. All four forms must be on file BEFORE a student can participate in official practice for a sport season. The sport season is defined as the first day of IHSAA authorized practice through the last scheduled varsity contest, including IHSAA tournaments.

IHSAA Requirements:

All requirements that the IHSAA has passed will strictly be followed.

Student Conduct:

Contestants' conduct, in and out of school, shall be such as (1) not reflect discredit upon their school or the association, or (2) not to create a disruptive influence on the discipline, good order, moral or educational environment in the school.

Raider/Brave Rules

The following are prohibited:

1. Implicated in illegal activity or student misconduct.
2. Use or possession of alcoholic beverages.
3. Use or possession of tobacco in any form.
4. Use or possession of illegal drugs.

Violations of these rules will:

- Automatically suspend the student for 20% of the maximum games allowed by the IHSAA of the sport season in which he is currently involved. Students involved in non-athletic clubs will be suspended for 20% of the events scheduled. If there are no events scheduled, the student will be suspended for 20% of the school year (36 school days).
- Create a suspension status for the next sport season, if he is not currently in a sport season when the infraction occurs. In this case, one of the following will occur:
 1. The athlete will be suspended from their next sport season schedule for 20% of its maximum allowed games, contests, and/or matches. (The beginning of the season shall be defined as the first scheduled practice).
 2. If the athlete should quit or is dismissed from the next sport season for which they try out, no matter what the reason, the suspension will remain in effect. They must successfully complete the season for which they try out before the suspension is eliminated. (Completion of the sport season is defined as elimination from the state/county tourney series, or in the case of an individual sport, when the athlete is eliminated from the tourney series).
 3. The student may continue to practice as scheduled with all

other team members.

4. Athletes may continue to practice if approved by the Principal, Athletic Director, and Coach.

5. Athletes will be immediately suspended until the matter has been investigated and resolved to the Principal, Athletic Director, and Coach's satisfaction.

6. Athletics and non-athletic clubs will be treated separately. A club suspension cannot be substituted for an athletic suspension, and an athletic suspension cannot be substituted for a club suspension.

A second violation of these rules will make the student ineligible to participate in any extra-curricular program for no less than one calendar year from the date the student is notified of the second infraction. These rules apply during the summer as well as throughout the school year. Rules, other than those mentioned, are developed at the discretion of each coach and violations left to the discretion of each coach. These rules apply to all students. Parents will be given the opportunity to discuss any disciplinary action taken with the coach, athletic director, or principal.

A third violation of these rules will constitute ineligibility to participate in any extra-curricular program from the date the student is notified of the third infraction until the conclusion to the student's high school career.

In-School Suspensions and Out-Of-School Suspensions

Students suspended out-of-school are not eligible to participate in or practice for any school activity during the time of suspension. This includes both out-of-school and in-school suspensions. An out-of-school suspension begins at the time the student is notified of the suspension and ends on the day the student returns to school.

Students in in-school suspension are not eligible to participate in or practice for any school activity. In-school suspension begins at the time the student is assigned to serve his suspension and ends at 3:00pm the day the suspension ends.

Equipment

A student is responsible for school equipment used. If any equipment is abused or not returned, the athlete will be expected to pay for it. Equipment is to be used for practices and games only, not as street clothing or personal recreational use.

Stop Participation

If an athlete stops participation in a sport before the sport season is completed for any reason, the athlete will not be allowed to be in organized practices in another sport in which the seasons overlap until after the last scheduled contest in the earlier sport season, without the consent of the head coach of that earlier sport.

Hazing and Bullying

Hazing means committing an act or coercing any student, including the victim, to perform an act of initiation into a group or organization. The School Board believes that hazing and bullying activities of any type are inconsistent with the educational purpose of all activities in school facilities, on school grounds, or at any school sponsored event. All hazing and bullying activities are prohibited and can result in a suspension from the team and further disciplinary actions, including suspension or expulsion from school.

Multiple Activity Participation

The Selma Middle School Athletic Department supports the concept of participating in more than one high school activity. High school coaches should not establish expectations "out of season" that would

prohibit or restrict a student's participation in another activity that is "in season". A student athlete who wishes to participate in more than one sport in the same season (fall, winter, or spring) must have prior approval of the coaches and the Athletic Director. A schedule resolving all practice and competition conflicts must be established and/or the student athlete will be asked to designate a 'primary' activity prior to the season.
