March 24, 2020

Dear Parents and Guardians,

I write to inform you of the latest update from the New Jersey Department of Education indicating a two-week extension to the current health-related school closure. Initially, the District was expected to reopen on Monday, March 30, 2020. With the expected two-week extended closure, Monday, April 13, 2020 would be the new date for the District to reopen. I recognize that several media outlets have indicated a longer closure, however, school districts throughout the State are required to follow the Department of Education guidelines.

The District will continue to offer virtual instruction as we continue to shift our model of instruction. Through recent electronic surveys, we identified families who indicated a need for devices. We will be contacting the identified families via email to confirm a need for a device. Following confirmation, an electronic release form will be provided requiring an electronic signature. The devices will then be distributed as per a distribution plan to follow soon.

On Thursday, March 26, 2020 from 6:30 – 7:30 p.m., I, along with our Building Principals, will be hosting a virtual meeting for our school community to provide updates, followed by a question and answer period. I encourage parents, guardians and community members to attend virtually. Please see the information below:
