

Updates from Ms. Stemler

First, I would like to thank all of our students and parents for your patience, support, and gratitude as we have worked to move forward not only as a school, but as a community in these confusing and uncertain times. Distance learning is new to most of us, therefore, the students, the teachers, and the parents will all continue to work together as we move forward.

With that said, and as promised, here is the latest up-to-date information that I have for you:

- ❖ **School is out until April 17, resuming April 20 (Subject to Change)**
- ❖ **Student work packets were released for pick-up on March 20**
- ❖ **Spring Break is March 30-April 3**
- ❖ **Chromebooks and text books will be checked out on April 6
(More information to follow on this)**
- ❖ **Online learning / Learning Packets will start on April 7
(Teachers have already started making contact with families)**

Should you have questions or concerns about your child, please try contacting your child's teacher first for support and answers.

Stay Healthy Everyone,
