How to Create a Free Account on Khan Academy

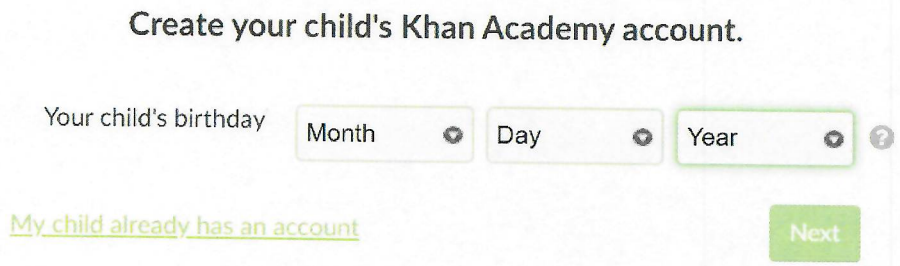

Setting up an account on the online website:

Click on: www.khanacademy.org

Create your child's Khan Academy account.

Your child's birthday: Mar 3 2015

Create a username and password for your child

Because your child is under 13, they will have a restricted child account.
Tip: Write down the username and password you choose for your child.

Child's username

Usernames may only contain letters and numbers, no spaces.
For your child's privacy, don't include their real name in their username.

Child's password

Passwords are case-sensitive and must be at least 8 characters.

School grade: Not specified

Gender: Not specified

Allow your child to add other coaches

By clicking next, you confirm that you are the child's parent or legal guardian and agree to our Terms of Service and Privacy Policy

How to create a free account on Khan Academy Kids:

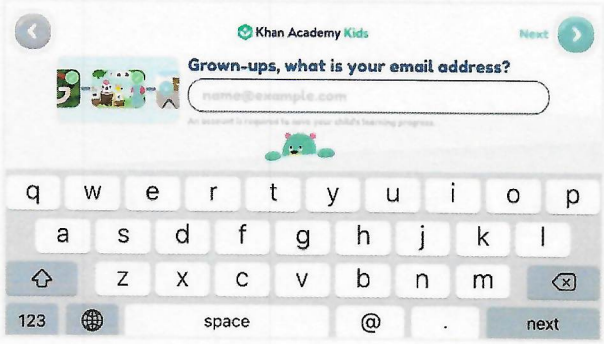

Khan Academy Kids is a free, fun, educational app with thousands of activities and books for young children ages 2-7.

1. To get started, download the app onto your mobile device:

- Download on **Apple** devices
- Download on **Google Play** devices
- Download on **Amazon** devices

2. Open the app and click "Sign Up" to add a grown-up's email address.

3. Check your email account for a message from welcome@khanacademykids.org. Tap the blue button on the verification email to activate your Khan Academy Kids account.

4. Input the child's name, age, and avatar to create a user profile. If you have more than one child, multiple user profiles can be added for each child.

Start learning

Head to the Home screen inside the app to get started. There, you will see multiple options for learning:

- Press the green play button on the house to start a personalized learning journey.
- Press the library book in the upper left to self-select activities for skills practice.
- Press the characters along the bottom to explore the Kids' Club.

Enjoy your mobile account from Khan Academy Kids.
