7pm - 8pm	Time to get ready for bed!

Additional resources:

- Free [online subscriptions for school closures](#)
- [CLI Engage Family Resources \(English and Spanish\) for PreK and Kindergarten Families](#)
- [Khan Academy Kids](#) (ideally doing it while sitting next to a parent or older sibling giving them positive feedback for effort). Khan Academy kids start at the basics of letters, numbers, and social emotional learning, through the first grade standards in math, reading, writing and social emotional learning.
 - For students with stronger literacy and motor skills:
 - Khan Academy [Kindergarten](#), [1st grade](#) and [2nd grade](#) math can be appropriate. Ideally a parent or older sibling sits next to them while doing this. One practice that [we've seen teachers use to great effect](#) is to have **all** students start on [Kindergarten](#) and then move to [1st grade](#), [2nd grade](#), etc. This helps ensure that older students are progressing with accumulating gaps. It also helps build momentum and confidence.
 - Course challenges and unit tests can be used to accelerate through material. For students with minimal gaps, they should be able to get through a previous year's content in 1-3 hours.
- There are 100+ books that students can read or have read to them on [Khan Academy Kids](#)
- Scholastic free resource (ELA PreK-8 5 days) <http://www.scholastic.com/learnathome>
 - UN: Learning20
 - PW: Clifford
- The [ALSC summer reading](#) list is also a great resource
- [Virtual museum tours](#)
- [Spanish Children's Stories - The Spanish Experiment](#)
- [Virtual Field Trips](#)
