ACCREDITATION STATEMENT

Smithfield High School is accredited by the New England Association of Schools and Colleges, Inc., a non-governmental, nationally recognized organization whose affiliated institutions include elementary schools through collegiate institutions offering post-graduate instruction.

Accreditation of an institution by the New England Association indicates that it meets or exceeds criteria for the assessment of institutional quality periodically applied through a peer group review process. An accredited school or college is one which has available the necessary resources to achieve its stated purposes through appropriate educational programs, is substantially doing so, and gives reasonable evidence that it will continue to do so in the foreseeable future. Institutional integrity is also addressed through accreditation.

Accreditation by the New England Association is not partial but applies to the institution as a whole. As such, it is not a guarantee of the quality of every course or program offered or the competence of individual graduates. Rather, it provides reasonable assurance about the quality of opportunities available to students who attend the institution.

Inquiries regarding the status of an institution's accreditation by the New England Association should be directed to the administrative staff of the school or college. Individuals may also contact the Association:

ACADEMIC PROGRAMS & POLICIES

SHS DIPLOMA AND PORTFOLIO REQUIREMENTS FOR GRADUATION

GRADUATION REQUIREMENTS

A Smithfield High School diploma is the official recognition that a student has met the state and Smithfield graduation requirements and has demonstrated the necessary proficiency to graduate. The Diploma System is designed to support students in becoming proficient life-long learners in order to successfully pursue post-secondary academic and career goals. Proficiency in academic areas will be based on Common Core State Standards and other appropriate content area standards set by the Rhode Island Council on Elementary and Secondary Education. Proficient performance for graduation is necessary in each of the six core academic areas. English Language Arts, Mathematics, Science, and Social Studies will be aligned to the Common Core State Standards. Visual and Performing Arts will be based on the National Core Arts Standards. Technology will be based on the Engineering and Technology GSEs, National Educational Technology Standards (NETS), and the RI K-12 CS (Computer Science) Education Standards..

The requirements for a Smithfield High School Diploma will be set by the School Committee and published annually in the High School's Program of Studies and/or Student Handbook. Such requirements will be consistent with the Rhode Island Board of Regents Regulations. Diploma requirements will be developed for all specific statutory requirements otherwise set forth in the General Laws, such as, specific requirements for Rhode Island history, health, and physical education. Only students who demonstrate fulfillment of these graduation requirements and proficiencies shall participate in the graduation ceremony and receive a diploma.

GRADING PRACTICES

Smithfield High School recognizes that grading formative and summative assessments, providing make-up opportunities, and communicating academic progress should be consistent, accurate, fair, meaningful, research-based, and connected to state and national standards. Grades will reflect achievement and focus on learning in order to provide meaningful feedback to student, parents, and teachers. Grades will be an accurate reflection of what each student knows and is able to do in relation to state and national academic standards. SHS will utilize grading practices focused on formative and summative assessment, revision of student work, and late work. Additional details will be shared during the first weeks of school.

MARKING AND REPORTING SYSTEM

PARENT PORTAL – Academic, attendance, and conduct information is available to parents through the parent portal of infinite campus. Parents should access this information on a weekly to bi-weekly basis to keep abreast of their student's progress.

SHS families and students may access progress reports and report cards in the parent portal. At the midpoint and end of each marking quarter, a notification will be made reminding students and families to log in to the parent portal of infinite campus in order to see student progress, grades, and teacher comments.

REPORT CARDS -Student's progress will be reported (online through the Parent Portal) to parents approximately one week following the close of each quarter and within 10 days of the close of the school year.

DEFICIENCIES/PROGRESS REPORTS – All students receive reports describing academic progress in all classes at the midpoint of each quarter. Communication with a parent/ guardian will take place whenever a change in progress puts the student in danger of earning a 69.5 or below for the grading period.

SHS ADVISORY PROGRAM

Research has shown that high school students often feel disconnected and have few personalized relationships with the adults who educate them. Students need the opportunity to develop trusting relationships with adult educators to strengthen connectedness between adults and students and foster a personalized and supportive school culture. In Smithfield High School's student advisory program, each student in the school is assigned a teacher or staff member who assists the student in achieving his or her academic and personal goals. Student advisories offer a way to overcome the anonymity many students feel and personalize students' learning environment.

The individual learning plan (ILP) will be developed and maintained during the advisory period using the Naviance platform. Through the ILP process, students will assess and enhance their current academic, career, and personal-social skills. They will work to define goals for life after high school. The end result of a successful advisory program is an increased number of students who understand the relationship of academics to the world of work, life at home, and in the community and internalize the importance of succeeding in school.

ATTENDANCE POLICY

Absence from School

Title 16.19.1 of RI General Education Law requires the daily school attendance for children 6 to 18 years of age. Recognizing the importance of regular school attendance for all students the Smithfield School Department has developed the following attendance policy for the high school. Truancy is a violation of Rhode Island Law and may result in a referral to the courts. Smithfield High School designates truancy as a Level II Offense and may result in disciplinary consequences.

- Students who arrive to school after 10:30 without an excuse will be marked absent for the day.
- Students who arrive to school after 10:30 are not eligible to participate in extracurricular activities on that day.
- A student who is dismissed from school due to illness/unexcused reason is not allowed to participate in practice or competition.
- An unexcused absence on a day prior to a weekend, holiday, or vacation, a student will not be allowed to participate on that day nor on the next scheduled practice, contest, or activity.
- Excessive unexcused absences may result in lunch detention, office detention, Saturday Detention, social suspension, restricted hall pass, and loss of parking privileges and/ or senior privileges. Additionally, students may be referred to Truancy Court.

Parents must notify the school of a student's absence on the morning of the absence between 7 AM and 9 AM. The communication must contain the full name of the student, the date of absence, and the specific reason for the absence.

- Upon returning to school, each child will be responsible for completing missed assignments as determined by the classroom teacher. In many cases, depending upon the student's academic standing, prolonged absence may nevertheless result in retention.

Parents and students are strongly encouraged to review the district policy on attendance. [Click here](#) to view the complete SPS district attendance policy

Policy on Early Dismissal

- Requests for early dismissal must be presented in the school office between 7:00 a.m. and 7:30 a.m. on the day of the early dismissal. Students signing out for early dismissal must do so in the main office and then leave the building by the main office door **ONLY**.
- No early dismissals will be allowed on the day of dances and proms.
- Any student who presents a fraudulent request for an early dismissal and is released will receive disciplinary consequences.

TARDY TO SCHOOL

Reporting to school on time is expected of all SHS students. Loss of instructional time due to tardiness may result in a major loss of learning, and, ultimately, lower performance in school. Therefore, Smithfield High School has adopted the following steps and procedures when students arrive at school tardy.

- Students who arrive to **class** after 7:30 am will be deemed "tardy to school."
- Parents/guardians must provide a written, clearly stated reason for tardiness.
- Students arriving late to school must report immediately to the main office. The office will issue the student a pass that will admit the student to class.
- Students tardy after 10:30 am will be deemed ineligible to participate in athletics or extracurricular activities on that day.
- Students will be allowed three (3) tardies per school quarter without consequence.
- On the fourth tardy to school of the quarter, and for any tardy thereafter, students will be notified of the concern and the consequences that will be applied.
- If the student fails to complete the assigned consequence within the prescribed amount of time, further disciplinary action will result.
- Lunch detention, office detention, and Saturday Detention may be applied as consequences. In cases of frequent tardiness to school, additional consequences such as social suspension, restricted hall pass, loss of parking privileges, and/ or senior privileges will be assigned.
- A student who fails to report to their first-period class or to sign in late to the office and is physically present in the building or on school grounds will receive disciplinary action.
- Attendance records will be reported on the report card and permanent record card.
- Please note that extenuating circumstances do exist, and will be taken into consideration. It is important that such circumstances are communicated promptly with an assistant principal.

Late to class:

Students arriving late to class without a valid excuse will be assigned teacher detention after school. The classroom teacher will instruct the student where and when to report for such detention.

[CLICK HERE TO VIEW THE COMPLETE ACADEMIC INTEGRITY](#)

Every faculty member and student at Smithfield High School belongs to a community of scholars where academic integrity and the pursuit of excellence are fundamental commitments. Students come to this school not only to improve their minds, gain knowledge, and develop skills that will assist them in their life's work, but also to build character. This Academic Integrity Policy is intended to promote and protect an atmosphere of trust, fairness, and respect at Smithfield High School.

Educator & Administrator Protocol for Violation of Academic Integrity Policy

When a teacher finds reason to believe a student or group of students has violated the academic honesty policy, the following steps will be taken:

- The teacher will share his/her observation with the student.
- The teacher will refer in writing the information the teacher has to the assistant principal.
- The assistant principal and the teacher will confer.
- If they concur that a violation in the Academic Integrity Policy has occurred, the teacher will notify parent(s) and student(s).
- The student found guilty of violating the Academic Integrity policy in any schoolwork will be required to complete the work within two days and resubmit
- The teacher may document in the learner quality section of report card.
- The student may be subject to disciplinary action.
- The administrator will document the incident in Infinite Campus.
- National Honor Society members may be placed on probation or dismissed from the NHS.

ACADEMIC HONORS

As part of the SPS Strategic Plan, a Class Rank Review Committee was created to revise the current ranking and academic honors system. In July 2019, the School Committee approved a change to Academic Honors at SHS.

High Academic Honors Recognition

A student's cumulative GPA at the end of the first semester of senior year will be used to determine the level of honor on a student's high school transcript, diploma, and for academic recognition at commencement exercises. The following three levels of academic honors will be used:

- Summa Cum Laude with highest distinction - Cumulative GPA average of 98 or above

- Magna Cum Laude with great distinction - Cumulative GPA average of 95 - 97.999
- Cum Laude with distinction - Cumulative GPA average of 92 - 94.999

The *weighted* GPA will be used to calculate all academic honors.

This model will replace the practice of using class rank and Valedictorian and Salutatorian on all official Smithfield Public Schools documentation.

In the event that a miscalculation occurs, honors may be awarded after the fact, but honors mistakenly awarded will not be retracted. GPAs calculated after final grades have posted that meet the Latin honors system requirements will have the appropriate designation posted to the transcript.

Students will be honored at graduation with the following honor cords.

- Summa Cum Laude - Gold
- Magna Cum Laude - Silver
- Cum Laude - White
- National Honor Society - Blue & White
- Senior Year College - Green & White

Transfer credit

- AP/EEP courses will be recognized and weighted according to SHS guidelines. All other transfer courses will not be weighted.
- ACN courses will follow the same regulations as transfer credit.

[Academic Honors Proposal and FAQ](#)

CREDIT RECOVERY PROCESS

Students who fail to achieve a passing grade in any subject once final marks have been officially posted by teachers in June may apply to the Principal of the high school for approval of a make-up program. See the [SHS Program of Studies](#) for more information.

HONORS & HONOR SOCIETIES

- **High Honors:** When a student achieves a Quarterly Grade Point Average (GPA) of 95 or better and has no grade lower than 90 in every subject, except Physical Education (students must achieve a minimum of 85), they will be recognized in *The Observer*.
- **Honors:** When a student achieves a Quarterly GPA of 92 or better and has no grade lower than 87, except Physical Education (students must achieve a minimum of 85), they will be recognized in *The Observer*.

PHYSICAL EDUCATION

Physical education is required of all students by Rhode Island law unless the student secures a written excuse signed by a physician and approved by the Principal. Each student must equip herself/himself with appropriate attire and footwear for physical activity in the gym.

OTHER POLICIES AND PROCEDURES

MOBILE LEARNING DEVICE

SHS believes that technology plays an important role in enhancing the learning experience for our students. Students are advised to use their SPS issued device for all educational related activities. Guest network access may be available for use on personal devices. District assistance or support is not available or implied by use of the guest network.

MLD's may be used by students during non-instructional time during lunch in the cafeteria and senior courtyard. They may also be used in the hallways during passing time with the stipulation that one ear is free. Students who utilize cell phones or other electronic devices in an unacceptable manner (in the halls, in classes without permission, or in a manner that is disruptive) will have their device taken and held in the Assistant Principal's office to be claimed by a parent. **Video/ audio recording of community members is not permitted at any time without prior approval of the individual being filmed.** Failure to comply may result in suspension.

Using technological devices during assessments can create unfortunate situations for individual students, our schools and district, and states that utilize College Board assessment for state assessment reporting. To that end, during any assessment, including but not limited to midterm exams, final exams, summative assessments, and/or state testing, we will be requiring all students to place their personal belongings, including backpacks and all technological devices (i.e. cell phones, ipods, etc.) on a secure table in their classroom during the testing period. Students will reclaim their belongings at the end of the testing period after all test booklets have been collected.

SHS students and parents/guardians fully acknowledge that use of a MLD's on the premises of Smithfield High School is subject to all guidelines, rules, and regulations governing acceptable use as established by the [Smithfield Public Schools, Policy IJNDC](#). It is further understood that the use of a personal device is restricted to those activities as required or related to the student's program of study and any use otherwise may be subject to disciplinary action including loss of device use privileges. Students and parents understand/agree that Smithfield High School is NOT responsible for any damage or theft that may occur to the MLD while on school property.

By logging into the Smithfield Public Schools wireless network, users are accepting the terms of the Smithfield Acceptable Use Policy. Once on the Smithfield wireless network all users will have filtered Internet access just as they would on a district-owned device.

Violation of the appropriate use of MLD's as described above and by the broader acceptable use policy is considered a Schedule I offense which may result in detention, Saturday detention, In School Suspension or Out of School Suspension; and the student may be required to turn the device over to school personnel and the student and/or parent may pick up the device from the Main Office at the end of the school day.

The most important concept underlying appropriate use of MLD's: Treat others with respect. Think about how your use of an MLD will affect the people around you. It is not other people's responsibility to cope with your MLD use; it is your responsibility to use your MLD appropriately. Please note that "appropriately" is not defined by what you expect others to tolerate.

POLICY DEFINITIONS are presented below.

Use includes texting, research, and/or any other silent activity that does not disturb others.

Music includes the use with only earbuds, not audio headphones (for example, Beats and Flips) or bluetooth devices.

Phone calls are only permitted for seniors in the courtyard during scheduled lunch.

An **X** indicates which use is allowed.

Beyond the policy stated above other classroom policies are determined by the classroom teacher.

The Smithfield Public School District ("District") loans each enrolled student in grades PK-12 a Chromebook laptop computer, and to students in grades 6-12, a protective case and an AC adapter. The Chromebook is provided by the School District for educational use only by students at school and at home. Students and their parents/guardians are reminded that use of district technology tools, resources, and services is governed by the Smithfield Public Schools "Acceptable Use Policy For Staff and Students", Policy IJND which can be found on the district's website. To understand the expectations of Smithfield Public Schools, students, and their parents/guardians are responsible for reviewing the policy.

Students and their parents/guardians should be aware that the use of district technology tools, resources, and services is subject to reasonable and appropriate monitoring by the District and school administration in accordance with the requirements of all applicable federal and state laws.

MILITARY RECRUITMENT

A 2003 state law allows schools to provide student demographic data to military recruiters upon request. Students and/or families who wish to retain their privacy and prevent this information from being shared can opt out. This can be done in *Infinite Campus* when families are solicited each year to update student and family demographic information. Alternatively, if the window to update Infinite Campus is missed, students and/or families can complete and then submit the [Refusal Form](#) to the Guidance Office.

Loss of books must be reported to the classroom teacher immediately. Books and other school-issued materials reported lost or damaged must be paid for by the student.

PUBLIC NOTICES AND POSTERS

To display any notice or poster, approval must be obtained from Administration. Such messages shall not interfere with scholastic decorum, must be related to the purposes of the school, and must have an educational purpose. All posters must identify the student or group that produced the poster. Administration shall determine where such notice or poster will be displayed. At the conclusion of the event being advertised, students should remove all posters and materials from the halls in a timely manner.

SHS ELIGIBILITY REQUIREMENTS: STUDENT ATHLETES (pgs. 5-6)

Smithfield High School bases eligibility status on the Rhode Island Interscholastic League Eligibility Rule (Article 3, Section 4), "The student-athlete should have secured for the period from the beginning of a quarter or trimester up to the end of the regular marking period, which shall not exceed a maximum of twelve (12) weeks, a passing grade in sixty (60%) percent of his/her program (credits)." This means a student-athlete must obtain a passing grade in five out of seven (5/7) courses at the end of the marking period. Eligibility is based on grades earned for each of the four **quarterly** marking periods. Therefore, students' eligibility will be determined equally and fairly for each and every quarter. ******Please note that a student who is determined to be ineligible at the end of quarter 4 will not be able to participate in interscholastic athletics during quarter 1 of the following school year.**

A student who has any "incompletes" at the end of the quarter will have two weeks to satisfy the requirements of incomplete courses. A student with three or more "incompletes" will be considered academically ineligible.

The Principal and the Athletic Director reserve the right to deem students ineligible due to violation of school rules. Students are NOT eligible if:

- they are excused from physical education for medical reasons (including a nurse's note);
- they cut any class on the day of a competition, unless excused by an administrator at the high school.
- they do not arrive at school by 10:30 am on the day of competition.
- their 19th birthday occurs prior to September 1 of that academic school year;
- they have represented the school in any one sport for more than four seasons or have been in attendance for more than eight semesters in the 9th, 10th, 11th or 12th grade or grades or the equivalent of such grade or grades in any school or schools;
- they have changed schools without a change of legal residence, unless a transfer rule affidavit is approved from the Rhode Island Interscholastic League;
- students may have to sit 50% of the first scheduled varsity contests of that season if they played or practiced with an outside team in any sport that conflicts with the high school practice or contest;
- they do not comply with rules outlined in the Rhode Island Interscholastic League's Rules and Regulations. This publication may be found at www.riil.org.

DISCIPLINARY ACTIONS

PHILOSOPHY/EXPECTATIONS

Smithfield High School recognizes that acceptable behavior is essential for the development of responsible, self-disciplined, and productive citizens and for the provision of an effective school program. Positive behavior is based on respect for one's self and for

the worth and human dignity of others. Development of such positive behavior in students is a dual function of the home and of the school.

Every student is under the direction and control of the teachers and/or Principal in the school during the following periods of time:

- during school hours of a designated school day
- while on school premises during the school day
- while on any school activities, including, but not limited to, athletic contests, dances, etc.
- while being transported, on a school bus paid and/or supported by the Smithfield School Department funds, to and from school at the time the child has entered the school bus at the designated route pickup point and/or left the school bus at the designated route drop-off point.

CODE OF HONORABLE CONDUCT

Students shall conduct themselves as to reasonably comply with the following Code of Honorable Conduct.

A student shall:

- Attend school regularly and punctually
- Be diligent in his or her studies
- Cooperate fully with all school personnel and classmates
- Respect the rights and property of others
- Not disrupt the educational process
- Be accountable to teachers for his or her conduct
- Follow through with basic student responsibilities.

POLICIES/GUIDELINES

The following policies have been adopted by the Smithfield School Committee and are available online at www.smithfield-ps.org.

- [POLICY ON CODE OF STUDENT CONDUCT](#)
- [POLICY ON ALCOHOL AND DRUGS](#)
- [POLICY ON SMOKING](#)

Policy books are also available at the Smithfield School Department Administration building and at each of the schools in the district.

SEXUAL HARASSMENT, BULLYING OR TAUNTING

It is the policy of the Smithfield School Department that the environment for educating the youth of our community should be conducive to education and free from sexual harassment, bullying, or taunting. It is the intention of this policy to set out guidelines for interpersonal conduct, which respects the rights of individuals to be free from the harassing, coercive, or disruptive behavior of others.

Definition of Sexual Harassment

It shall consist of unwelcome or unsolicited sexual advances, requests for sexual favors and other inappropriate verbal or physical conduct of a sexual nature when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or education, or when;
- Submission to or rejection of such conduct by an individual is used as the basis for academic or employment decisions affecting that individual, or when;
- Such conduct has the purpose or effect of substantially interfering with an individual's academic or professional performance or creating an intimidating, hostile, or offensive employment or educational environment.

Definitions of Bullying and Taunting

Bullying is defined as any intentional written, verbal or physical act, which under the totality of the circumstances has the effect of physically harming a teacher or student or their property, or fear of such effect. Bullying does not include a mutual fight between two students of roughly equal strength. Taunting is defined as causing an atmosphere of intimidation or humiliation, which diminishes the respect of another student or teacher and results in emotional distress. "Dating violence" means a pattern of behavior where one person uses threats of, or actually uses, physical, sexual, verbal or emotional abuse to control his or her dating partner.

Student Report Procedure

Any act or pattern of sexual harassment/bullying or taunting by a teacher or student in the Smithfield School Department is unacceptable and will be the basis for discipline or appropriate employment action.

- School-level administrators will be held responsible for taking proactive action to prevent harassment/bullying or taunting at the school level.
- Students have the right to report an alleged sexual harassment/bullying or taunting incident to their teacher, building principal or other adult of their choice within the school without fear of reprisal. Employees likewise shall report such incidents to an appropriate supervisor without fear of reprisal.
- The person who receives a report of alleged sexual harassment/bullying or taunting must take that report seriously and must report it to the principal or other administrators.
- Parents of students whether the accused or the victim of alleged sexual harassment/bullying or taunting shall be advised of the investigation by the superintendent or his/her designee

Cyberbullying

Any form of harassment using electronic devices, commonly known as "cyberbullying," by students is prohibited. Cyberbullying is the use of any electronic communication device to convey a message in any form (text, image, audio or video) that defames, intimidates, harasses or is otherwise intended to harm, insult, or humiliate in a deliberate, repeated or hostile and unwanted manner under a person's true or false identity. In addition, any communication of this form which disrupts or prevents a safe and positive

educational environment may also be considered cyberbullying. Students who make a report are expected, but not required, to preserve evidence of cyberbullying. For example, a student may save or bring a copy of an email, text message, voicemail or other electronic transmission that the student believes was intended to harm, insult or humiliate. Students whose behavior is found to be in violation of this policy will be subject to disciplinary action.

TEEN DATING VIOLENCE AND SEXUAL ASSAULT

Smithfield Public Schools does not tolerate teen dating violence or sexual assault.

TEEN DATING VIOLENCE is a pattern of behavior where one person threatens or uses physical, sexual, verbal, or emotional abuse to control his or her dating partner.

SEXUAL ASSAULT includes behaviors that are attempted or perpetrated against a victim's will or when a victim cannot consent because of age, disability or the influence of alcohol or drugs. Sexual assault may involve actual or threatened physical force, use of weapons, coercion, intimidation, or pressure and may include:

1. Intentional touching of someone in ways that are unwanted
2. Voyeurism
3. Exposure to exhibitionism
4. Undesired exposure to pornography or
5. Public display of explicit images that were taken in a private context or when the victim was unaware.

AT SCHOOL means:

1. on school premises,
2. at any school-sponsored activity or event whether or not it is held on school premises,
3. on a school transportation vehicle,
4. at an official school bus stop,
5. using property or equipment provided by the school, or
6. acts that create a material and substantial disruption of the education process or the orderly operation of the school.

ADMINISTRATION AND STAFF EDUCATION

The school district will provide training on the Smithfield Teen Dating Violence and Sexual Assault Policy to staff who have significant contact with students. Per the Lindsay Ann Burke Act, the training shall specifically include, but not be limited to:

1. Basic principles and warning signs of dating violence
2. The Smithfield Teen Dating Violence and Sexual Assault Policy.

STUDENT EDUCATION

On-going age-appropriate education on healthy relationships shall be provided to all students in grades K-12, with specific instruction relating to teen dating violence taught yearly in grades 7-12. Per the Lindsay Ann Burke Act this curriculum shall include but not be limited to:

1. Defining teen dating violence;
2. Recognizing dating violence warning signs; and
3. Characteristics of healthy relationships.

REPORTING

The middle and high school principal shall establish and prominently publicize to students, staff, volunteers, and parents/guardians, how a report of dating violence and/or sexual assault may be filed and how this report will be acted upon (See attached *Incident Form*). The school staff shall report all aspects of teen dating violence and sexual assault that may come to their attention. All reports should be made to the principal. The victim, anyone who witnesses an incident, and anyone who has credible information that an act of dating violence or sexual assault has taken place may also file a report. Students who observe any act covered by this policy or who have reasonable grounds to believe an act is taking or has taken place in violation of this policy are obligated to report the incident to school authorities. Failure to do so may result in disciplinary actions. The victim of the dating violence or sexual assault shall, however, not be subject to discipline for failure to report the dating violence or assault. When there is a reasonable suspicion that a child is either a perpetrator or a victim of teen dating violence or sexual assault, the parents/guardians of the child will be notified immediately by the principal or designee.

INVESTIGATION/RESPONSE

The school principal shall promptly investigate all allegations of dating violence and sexual assault. If the allegation is found to be credible, appropriate disciplinary actions, subject to applicable due process requirements, will be imposed. When the act involves conduct that involves criminal law, the police will be notified.

The investigation will include an assessment by the school psychologist and/or social worker of what effect the teen dating violence or sexual assault has had on the victim. If a student is the victim of an act in violation of this policy and as a result, does not feel safe in his or her school environment, the Principal of the school will prepare a written school safety plan outlining what steps will be taken to provide the student with a safe educational environment. This plan will be developed, if possible, with input from the parents of the student. Staff members who are to implement the plan will help formulate it.

MAINTAINING A WRITTEN RECORD OF THE COMPLAINT

The Smithfield School Department shall maintain a complete record for each complaint and how it was investigated and resolved. Written records shall be maintained in a confidential manner and will be maintained for three years from the date of the resolution of an investigation unless new circumstances dictate that the file should be kept for a longer period of time. This reporting is in addition to records maintained on the student information system.

DISCIPLINARY ACTION

The disciplinary actions for violations of this policy shall be determined by the school administrators in accordance with the Smithfield Disciplinary Policy and may include additional civil and criminal penalties.

SCHOOL AND PRIVATE PROPERTY

Attempting to cause or causing intentional damage to school property will result in disciplinary action and the student will be required to make monetary restitution. Malicious damage may also result in arrest.

GUIDELINES FOR SOCIAL EVENTS

The school administration has authority to control student conduct which directly relates to the school and its activities. Rules and regulations may be imposed to ensure proper discipline and decorum in the classroom, on campus, and at school-related activities. The physical boundaries of a school do not represent the limits of its authority to control the conduct of its students. Conduct that occurs off-campus or at non-school related activities may be subject to discipline by the school if the conduct has a direct and immediate effect on the discipline or general welfare of the school.

program can not be used toward National Honor Society or Graduation Requirements. A CBI contract will be reviewed with an assistant principal and a deadline for completion will be decided upon.

The Community-Based Intervention Program manifests the school's commitment to the development of ethical and moral values and mature citizenship in its students. Like our graduation requirement, it recognizes a responsibility for service to the community and the value that service can have, not only for the recipient, but for the donor as well. Ultimately, our community-based discipline program will enhance Smithfield's ability to give our students the self-confidence and strength of character to change their behavior.

SOCIAL SUSPENSION

Attending and/or participating in co-curricular activities is a privilege not a right. The student is representing Smithfield High School, therefore any student who consistently violates the rules and regulations at Smithfield High School is subject to disciplinary actions, which may include a social suspension from all Smithfield High School co-curricular activities for an amount of time to be determined by the school's administration.

Social Suspension means that a student is not eligible to participate in any school-sponsored co-curricular activities both on and off-campus, including proms, post proms, class trips, athletic events, and other events for a specific length of time. If a student attempts to attend an event while on social suspension, that student will be subject to disciplinary action including suspension from school and/or an extension of the social suspension.

- In all cases, written notice of the suspension by regular mail or by personal delivery to the parent shall be given to student and to parents of a minor in their spoken language identifying the offense for which suspension is proposed. Notice for the purpose of this section may also be accomplished by speaking to the parent by telephone and sending written notice home with the student.
- A student is entitled to receive his/her daily assignments. It is the student's responsibility to keep up with the daily work during the suspension.
- Students must stay off school property during an out-of-school suspension from school or during an exclusion from school. If a student is found on or about school department properties while on suspension/exclusion, trespassing charges may be filed with the police.

CANINE SEARCHES

The use of dogs trained to detect illegal drugs and/or other contraband, whether conducted by law enforcement or others retained by the School District, may occur anywhere on school property, school vehicles, and at school events. The use of dogs to search school property, or the personal property of students or others, are not searches that require reasonable suspicion of a violation of law or school rules. Such searches may be conducted on school property and include, but not limited to desks, lockers, closets, vehicles on school property, and items of personal property.

BREATHALYZER

Any student for whom there is a reasonable suspicion of the use of alcohol before or during the school day, prior to or during school-sponsored activities, or on school property, may be asked to submit to a breathalyzer test. School property shall include, but is not limited to, school grounds, buildings, buses, gymnasiums, facilities rented by the District, and other facilities or premises utilized for school-sponsored activities and/or events. The following guidelines shall apply.

- A student about whom there is a reasonable suspicion of consumption of alcohol may be asked to submit to a breathalyzer test. Indicators of reasonable suspicion may include, but not limited to, alcohol odor, slurred speech, unsteady gait, lack of coordination, presence in the vicinity of an alcohol container, bloodshot or glazed eyes, or such other information as is reasonable to raise suspicion. No breathalyzer test will be administered if a student acknowledges consumption of alcohol.
- Breathalyzer tests shall be administered in a secure location away from other students by the principal, assistant principal, or another designee who has been fully trained in breathalyzer test administration.
- Parents will be called following the administration of a breathalyzer test. If a student tests positive, parents must transport their student home. If a parent is not available to transport a student, local police will be called. Emergency medical personnel will be sought if the student is assessed to be in need of medical assistance. Students determined to have consumed alcohol will be subject to disciplinary consequences outlined in the Student Handbook.
- Refusal to submit to a breathalyzer test will be considered an act of admission and will be considered along with other evidence to determine whether or not a student has consumed alcohol.
- Random testing of participants in school-sponsored events may be conducted by authorized school personnel.
- Non-students attending school-sponsored events may be subject to breathalyzer testing and failure to pass such test or refusal to submit shall be grounds to exclude such individuals from participation in the event.

DEPARTMENT OF SCHOOL COUNSELING

[Click Here for the Smithfield High School Program of Study](#) **SHS School Guidance Counseling**

It is the intent that the school counselor will remain with the student for the full high school experience. Individual conferences are held periodically during the year but students are encouraged to request an appointment whenever the need arises. Since all counselors have a significant caseload, all students cannot be seen immediately and priority goes to the student obviously needing assistance or seeking a meeting. Students wishing to consult with their counselor must sign up on their counselor's sign-up sheet posted on office doors. Parents are urged to maintain a close working relationship with the school counselor.

The Guidance Department is available to the student body for consultation concerning selection of courses, schedules, employment opportunities, or any problems students may wish to discuss with the counselors.

Parents wishing to contact the guidance department may call 949 – 4388 during school hours.

Students will be notified of appointments with a counselor as needed for a discussion of progress and/or problems.

STUDENT SUPPORT PERSONNEL

Smithfield High School employs student support personnel, who are available to meet with students who have school and/or personal problems that impact their performance in school. Short term individual counseling is available for students with specific needs, and referrals to community agencies and counselors are also made upon request.

SCHEDULE CHANGES

Students choose courses and programs based on the recommendations and best judgment of teachers, guidance counselors, the student, and parents. Parent input is gathered at course request time through the completion of the ILP parent questionnaire.

A schedule is used to arrange programs and students in some systematic order. A schedule can be most complex and a change in one area often causes changes in other areas. A student is given considerable time to choose proper courses. Schools do recognize the need for valid changes.

All requests for change will be decided on an individual basis taking into consideration all circumstances involved. Staffing and class size will be considered regarding the proposed change. Requests for a change may be initiated by a student, teacher, parent, guidance counselor, administrator, or a director of special programs.

All involved parties will be asked for their input regarding the request for change. Once the request has been processed, the counselor will approve or deny the request for change. The parent has a right to appeal to the Guidance Department Chair and then building Principal if the course request is denied. Schedule changes are allowed within the first **FOUR** weeks of the start of a class. They will not be recorded on the student transcript. Schedule changes allowed after the four-week deadline will be recorded as withdrawals on the student transcript. Prior to the end of the semester, if the student has a 65 class average or higher a WP (withdraw pass) will be assigned. A grade of 64 or below will be assigned a WF (withdraw fail). Any class dropped at the semester will have the current grade posted on the transcript and it will be counted toward the semester GPA. A withdrawal will be posted for second semester and will not count toward the final GPA.

GENERAL INFORMATION

ACCESS TO EDUCATIONAL RECORDS

Parents and eligible students have a right to review the student's education records under administrative supervision during those times the school is normally in session. The right to inspect and review the student's education records will be provided within ten (10) working days of the day the school district receives a written request for access. Where a record contains information about students other than a parent's child or the eligible student, the parent or eligible student may not inspect or review the portion of the record that pertains to other students.

Parents or eligible students should submit to the school principal, the Director of Special Education, or Superintendent a written request that identifies the record(s) they wish to inspect. The responsible administrator will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. The parents or eligible student is entitled to an explanation of any information contained in the student's record.

ACCIDENT INSURANCE - STUDENT

- Accident insurance is required. School insurance is available on an optional basis to all students at group premium rate. If comparable coverage is being provided through private insurer, evidence of such coverage must be provided by the parent on the Athletic Participation Form for those students who wish to participate in interscholastic athletics.
- All cases of student injury covered by insurance or not must be reported to the staff member in charge at the time. An accident report is to be submitted by the staff member to the high school office on the same day. If the student is covered by school insurance and professional, medical, or dental service is required, an insurance claim form must be obtained by the student or the parent from the school office and filed according to instructions within 30 days of the injury. In such cases, reimbursement for claims will be made in accordance with the provisions of the policy after payments by Blue Cross and/or other accident or health policy.
- In the case of students enrolled in interscholastic athletics, any balance remaining unpaid after Blue Cross/Blue Shield, other private coverage, and the school policy should be substantiated by submitting all details, receipts for payment, and outstanding bills in the Principal's office where provision will be made, if eligible, for covering the unpaid balances by the Rhode Island Interscholastic Injury Fund.

MEDICATION POLICY

Except in the case of an emergency situation or except as provided in cases of anaphylaxis, only certified school nurse/teachers or parents/guardians are authorized to dispense medication to students. Proper documentation must be on file with the health office to allow for medication to be taken by students at school. A student may not self-carry and or self/administer a controlled substance while on school property.

FAMILY CONFERENCES

Families can schedule appointments with their child's teacher at any point throughout the school year. Contact the teacher directly to arrange a mutually convenient time. A day in November has also been set aside for the purpose of hosting parent/teacher conferences. Specific details about this day in November will be communicated as the date approaches.

USE OF COURTYARD

- Seniors only will be permitted (weather permitting) during their lunch, to go to the cafeteria or to the courtyard.
- Use of the courtyard will commence at a time to be designated by the Assistant Principal and may be terminated at any time for just cause.
- The courtyard may not be used as a cut-through except when required by an emergency situation.

WORKING PAPERS

Working papers are issued for people from 14 to 18 years of age. If the student is a resident of Rhode Island and is working in Rhode Island, he/she must apply for working papers at the high school. If the job is not in Rhode Island, he/she must apply for working papers in the state he/she will be working.

The following steps should be followed:

- The student must have a job before working papers can be issued.
- When the student has secured a job in RI, the "[Intent to Employ](#)" form must be filled out and signed by the employer and parent/guardian.
- The student must present the completed "Intent to Employ" form to the Main Office at the high school. A school representative will then complete and issue the "Certificate of Age" form to the student.
- The completed "Certificate of Age" form should be shown to the employer and retained for potential future employers.

More information about the state's child labor laws can be found by [clicking here](#). The laws of the State of Rhode Island prohibit youngsters working more than a specified number of hours and also prohibit working on dangerous machinery or power tools.

VISITORS

All visitors to the school must register at the main office upon their arrival to campus. The visitor must sign a register and receive a pass, which is to be worn by the visitor in the building. **No student visitors are allowed during the school day. Student visitors must have an appointment with the teacher/teachers they wish to see.**

A Concise History of Smithfield High School

By Megan Skwirz, Class of 2008

In 1962 the Rhode Island Department of Education recommended building a high school in the Town of Smithfield. This idea, applauded by teachers, parents and students, became reality six months later on June 18, 1963 when the voters of Smithfield approved the construction of our SHS.

Built on close to 60 acres in the middle of Apple Valley, Smithfield High School would be the first senior high school in our community. Until that time, students who were promoted into the ninth grade went to nearby towns or private schools for their high school education. In March of 1966, the first students walked through the doors of SHS. The town rippled with enthusiasm when reporters greeted the freshman and sophomores as they entered the state of the art building.

In 1968, the town eagerly anticipated the high school's first graduation. The ceremony was held in the courtyard, a popular place among all seniors who attend SHS. The first graduates were colorful in the now traditional green and gold caps and gowns. Halfway through the ceremony, the clouds opened and students, family and friends rushed into the auditorium. Despite this misfortune, the tradition carried on until 2004. Since then the ceremony has taken place at Bryant University.

The green and gold Sentinel has been synonymous with SHS since 1966. The mascot was selected as an embodiment of our community that was incorporated in 1731. The Sentinel reminds us of our heritage during our country's colonial and revolutionary periods. The colors, green and gold, were chosen during the planning of the school by the first principal, Mr. Henry Shepard. After researching other schools, he found that this combination was original to Smithfield High. This choice of green and gold surprisingly deviated from the town's colors of blue and white. These modest beginnings formed an entire community spirit around our Smithfield Sentinels, adorned with kelly green and gold.

The first major remodeling of SHS came 37 years after its opening to accommodate the growing student population and educational reforms. The renovations included a new media center, a student service wing, ten new science and math classrooms, an improved auditorium, and a new administration office suite. This project took close to two years to complete.

Despite the structural changes, SHS consistently has provided a productive teaching and learning environment that has fostered a solid reputation throughout the community and State. This reputation has been nurtured by the building's five principals: Mr. Henry Shepard, Mr. Robert Salisbury, Mrs. Kathryn Crowley, Mr. Ronald Palmieri, and currently, Mr. Daniel Kelley, who joined SHS in 2006. Today, SHS promotes a standards driven graduation system that reinforces its mission statement:

Smithfield High School Graduates will possess a common core of knowledge and skills to become life-long learners, analytical thinkers, effective communicators, and productive members of the global community.

Co-curricular activities have had a long and prestigious role in the history of SHS. The school's athletic program has had its share of success. During SHS's 42 years, the Sentinels have celebrated over 150 division, class and State Championships. Today, Sentinel student-athletes compete in twenty Rhode Island Interscholastic League Sports. The music program at SHS has also had a long and prestigious history with hundreds of its members receiving All State and All New England Honors. Two other popular events that have contributed to the SHS history are the senior oratorical contest established in 1988 and the Evening of the Arts which dates back to the late 1970s. Both have allowed the students of SHS to display with pride their talents to the Smithfield community.

Though style, ideas, and society have changed since 1966, Smithfield High School has consistently held fast to the values of its past. New administrators, teachers and students have walked through the doors each year, supporting these original values while contributing new traditions of their own. This combination will continue the development of graduates who will become productive members of the global community.
