

RSU 2 COVID-19 Distance Learning Plan Guiding Agreements

Do No Harm Promise:

Whereas the RSU 2 Distance Learning Program will be imperfect;
Whereas the capacity of parents and guardians to oversee and guide work completion will vary; and
Whereas in RSU 2 grade level is not synonymous with mastery level,

We promise that

- Students will advance in grade as expected in the fall of 20-21; and
- Distance learning plans will be designed to minimize stress on families.

Implementation Timeline:

The start date for the plan for seniors will be no later than Monday, March 30.

For all other grades: By Friday, April 3, all schools will have a plan in place for the delivery of educational programming that will include curriculum, instruction, and feedback at all grade levels. RSU 2 administrator grade-level teams will establish critical parameters for the final school-based plans.

Each plan will include

1. A start date **no later than** April 6; some plans may be implemented sooner.
2. Identification of essential learning and content
3. A procedure for the creation and distribution of learning materials at each grade level/span
4. A process and frequency cycle for teachers to collect student work, and provide feedback.
5. A protocol for finding and contacting students who are not participating

Please Note: Student participation, class instruction, and access of materials may not occur at the same time in a distance learning plan.
