## How can School Pathways support schools during closures?

[School Pathways](#) works with multiple school models with core competency that focuses on supporting Alternative Ed, Independent Study (IS), Online Schools as well as their traditional site-based programs to meet their critical state reporting requirements AND fulfill their IS compliance needs. We offer specialized features to support Independent Study both within and outside of our Student Information System (SIS).

During school closures if you are looking for a way to *manage students working independently from home*, please contact us to learn more about the [PLS Xpress™](#). The [PLS Xpress™](#) is a stand-alone product that can be run ***without*** connection to the School Pathways SIS to support students in Independent Study (IS).
