Phone (201) 862-6245

Fax (201) 862-6226

Office of the Superintendent

Dear Parents/Guardians and Community members,

We have confirmation that an individual who works in the Englewood School District, tested positive for COVID-19.

The Department of Health will be following all related protocols issued by the State Department of Health for case investigation and contact tracing. This entails a full inventory of the individual's recent activities and locations visited.

In accordance with the privacy laws, the Health Department is unable to release any personally identifiable information about this patient, including school name. However, please know that the last day the staff member had contact with anyone in the district was March 13, 2020.

Families are reminded to take all recommended precautions and exercise best practices like hand washing and social distancing to help mitigate the spread of COVID-19. If you or a family member is experiencing symptoms consistent with COVID-19, call your healthcare provider before arriving for an evaluation.

The Health Department, the Office of Emergency Management (OEM), NPPD, NPPFD, the Mayor and City Council, and the Englewood School District will continue to work in close partnership with one another in order to best support our community.

At this time, we should all be reminded to maintain the following health and hygiene behaviors:

- Cover your coughs and sneezes with a tissue or into your sleeve, not your hands.
- Avoid touching your eyes, nose and mouth.
- Wash hands often with soap and water, for at least 20 seconds, especially after coughing or sneezing.
- Keep your children home when they are sick.
- Avoid people who are sick.
- Get a flu shot – it's not too late to be protected.
- Clean and disinfect frequently-touched surfaces and objects.

If the general public has questions regarding the Coronavirus (COVID-19), please contact the New Jersey Department of Health Hotline at 800-222-1222.

Please know that we face this public health concern together. We must all take care of ourselves and each other.

Sincerely,

Regards,

Robert Kravitz

Superintendent of Schools
