Hello Bulldog Families,

I wanted to take this opportunity to send you information about food distribution from our schools for the time period from March 31, 2020 to April 7, 2020. At this time, we are scheduled, per Governor Pritzker, to return to school on April 8, 2020, but that date is subject to change upon review by our governor.

We will follow the same procedure we've been following for this past week for food distribution:

- Pickup time: 10:00 a.m. - noon
- Pickup sites: Lincoln Trail Elementary and Middletown Prairie Elementary
- We will also deliver food to your home if you need that service.
- You will get breakfast and lunch for each child.

As a reminder, any child under the age of 18 is eligible for these meals.

Please use this link to fill out a new Google form to let us know what you need.

Also, Mom's Pantry is open on these dates from 10:00-noon if you wish to pick up more food:

- Monday, March 30
- Wednesday, April 1
- Friday, April 3

Here is a message from the Give me Five food program:

On behalf of the Give me Five food program, thank you. By the grace of kindness in our very own community, people have stepped forward and made generous donations to our food bag program. We delivered today...thanks to the coordination of efforts with district administrators, social workers, transportation and community members. Community members helped pack and we met the needs. We served 20% more families this week than before.

We had snacks donated to us that were given to Moms Pantry at MSHS. Individuals, churches and community groups have stepped forward to provide this much needed support by volunteering and donating their time and donations. It is so great to see how people are coming together to take care of Mahomet Seymour in our time of need.

“Committed to Excellence”

In closing, I want to thank you for your patience and flexibility--it cannot be said enough how much the support of our parents and community means to school personnel during this time. As of the writing of this email, we are awaiting guidance from the Illinois State Board of Education about continuing our learning activities for our students past March 30, 2020. As soon as information is available to share with parents, you will be informed about what will be happening. I realize that in addition to the COVID-19 pandemic itself, the uncertainty of current times can be unsettling as well.

With appreciation,

Dr. Lindsey A. Hall
