<p><b>Computer Programming</b></p>  <p>Coding is how we communicate with computers. Code tells a computer what actions to take, and writing code is like creating a set of instructions. By learning to write code, you can tell computers what to do or how to behave in a much faster way. You can use this skill to make websites and apps, process data, and do lots of other cool things.</p>	<p><b>BSMS 3rd-12th</b></p>
<p><b>STEAM (4-H)</b></p>  <p>Science, Technology, Engineering, Art, &amp; Mathematics for ages 8-13. The STEAM framework brings the five disciplines together to create an inclusive learning environment that encourages all students to participate and contribute. This holistic approach encourages students to exercise both the left and right sides of the brain.</p>	<p><b>AHS 4th-12th</b></p>

 <p><b>Dr. Genius</b></p> <p>Students will explore what it means to be a medical professional in today's world of healthcare. Students will get hands-on interactive training and a deeper understanding of the medical field from our medical partners at Urgent Care at the Pointe.</p>	<p><b>AHS Urgent Care at the Pointe</b></p> <p><b>4th-12th</b></p>
<p><b>Music and Theater Camp</b></p>  <p>Students will do a variety of theatrical activities, games and exercises to see how beautifully music and theater works together. Students will sing songs, create skits, and rehearse towards our end-of-camp performance. It's our own rendition of the famous Hollywood version of High School Musical.</p>	<p><b>AHS 6th-12th</b></p>
 <p>An escape room, also known as an escape game, puzzle room, exit game, or riddle room is a game in which a team of players discovers clues, solve puzzles, and accomplish tasks in one or more rooms in order to accomplish a specific goal in a limited amount of time. The goal is often to escape from the site of the game. Students will exercise using analytical and critical thinking skills for this camp.</p>	<p><b>BSMS 3rd-10th</b></p>
