03/30/2020

Good Evening,

Today, Governor JB Pritzker announced the stay in place order will extend through April 30th. All schools will remain closed, and all scheduled school activities and extracurriculars during this time are also canceled. We will continue to deliver all learning through our extended learning platform. For specific questions regarding extended learning, please contact the principal of your child's school directly. Each principal will be sending a follow up email to families with updated information specific to their school.

In addition, I'd like to thank our students and their families for all the support they have given our teachers and staff during the implementation of extended learning. We recognize that for a student to be successful they must have the support and guidance of their family. At no other time has this been as important as it is now. Our extended learning not only requires the student to reimagine how and where learning can take place, but it relies heavily on parents and guardians to assist us in helping in the delivery of that education.

Finally, we owe a tremendous debt of gratitude to all of the first responders and health care personnel who put their own health at risk every day in order to keep us safe. Please remember to pay them back by staying at home unless absolutely necessary. Wash your hands regularly and follow the guidelines set out by the CDC. Together we can make a difference.

Stay healthy and safe,

Thomas Lind

Dr. Thomas Lind
Superintendent of District 157 and District 2
