One day I help my next-door neighbor clean up his backyard. We raked and put leaves in blue bags to recycle them. Then we sawed some branches off of a tree that was leaning against the house. After we worked in the yard all afternoon, we sat down on his back porch and had lemonade. I felt good that day because I helped my neighbor.

I have a really cool fish tank with lots of exciting things inside. There are guppies, tetras, and a tiny shark inside. Also, there are three snails that climb up the glass walls. They eat the green algae and keep the tank clean. A frog named Flipper also lives in the tank, but he usually hides under the rocks. It's fun to watch all the different creatures in my tank.
