April 2, 2020

Hello Everyone,

I hope you enjoyed this beautiful sunny day! It appears that we will experience a warming trend over the next week which should provide all of us an opportunity to spend some quality time outdoors. Hopefully you can take advantage of this early Spring warmup.

Governor DeWine has extended our school closure through the month of April. As a result, we will remain on a hard closure next week with only essential personnel in both buildings. Our virtual lessons will continue next Monday, Tuesday and Wednesday. We will then observe our scheduled Spring break beginning Thursday, April 9, through Monday, April 13. Virtual lessons will begin again Tuesday, April 14. Please continue to complete these important lessons which will enable our district to continue the educational process during the month of April.

We will continue to proceed one week at a time during this school closure. The Governor has indicated he is willing to shift direction in our state if our situation changes in regards to the coronavirus. The Leadership Team continues to meet regularly as we decide how to proceed with the upcoming week. As of now, we are keeping our dates in place for May events and looking at alternate dates for those events that have been postponed. When a clearer picture emerges as to the month of May, we will continue to plan and share this information in a timely manner.

I know many of you are experiencing tough times right now, some families more than others. This is a painful reality. While it may seem difficult to be thankful during these trying times, please know how thankful I am that we seem to be largely in good health presently. Watching this pandemic play out in certain parts of our country brings great sadness to all of us. Please continue to do the right things moving forward, and we will all be back together sooner as a result. Stay safe and God bless.

Sincerely,

Tom Peiffer
Superintendent
