

AT THE HEART OF EDUCATION

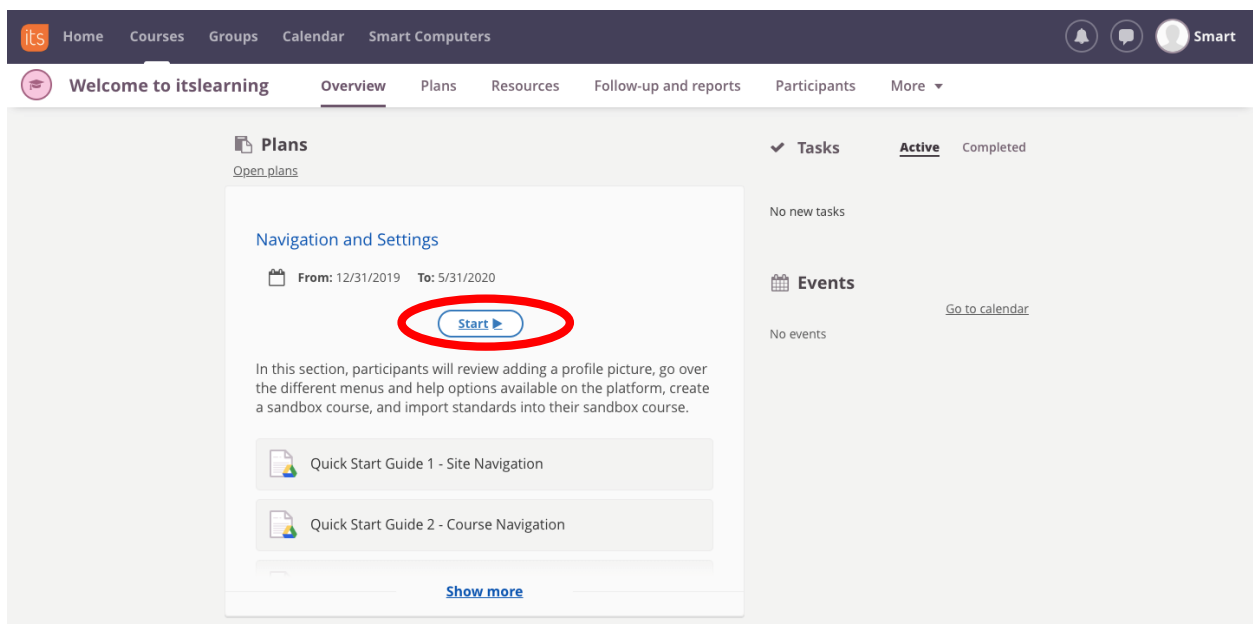

Welcome to itslearning. This is a quick walkthrough of how to use the platform as a student.

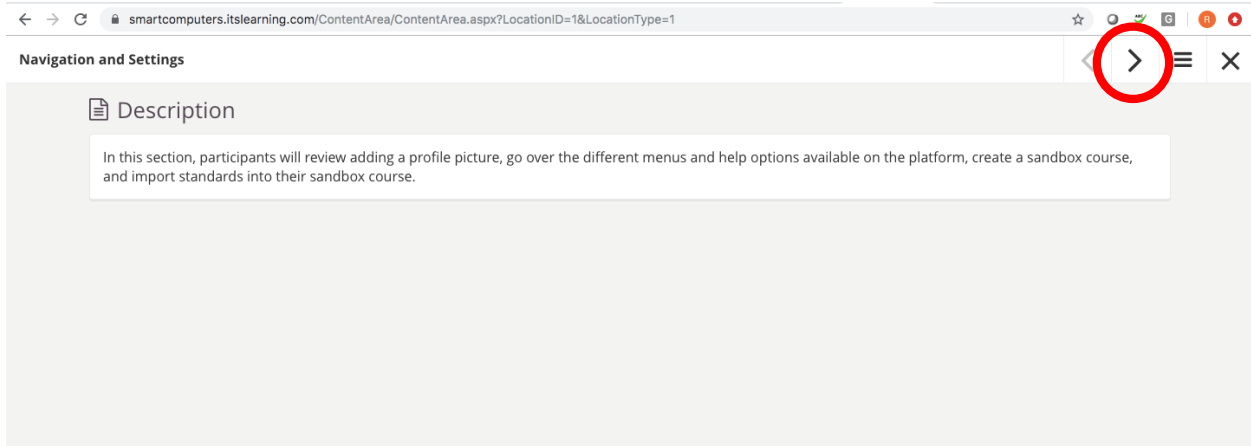

This is your school dashboard.

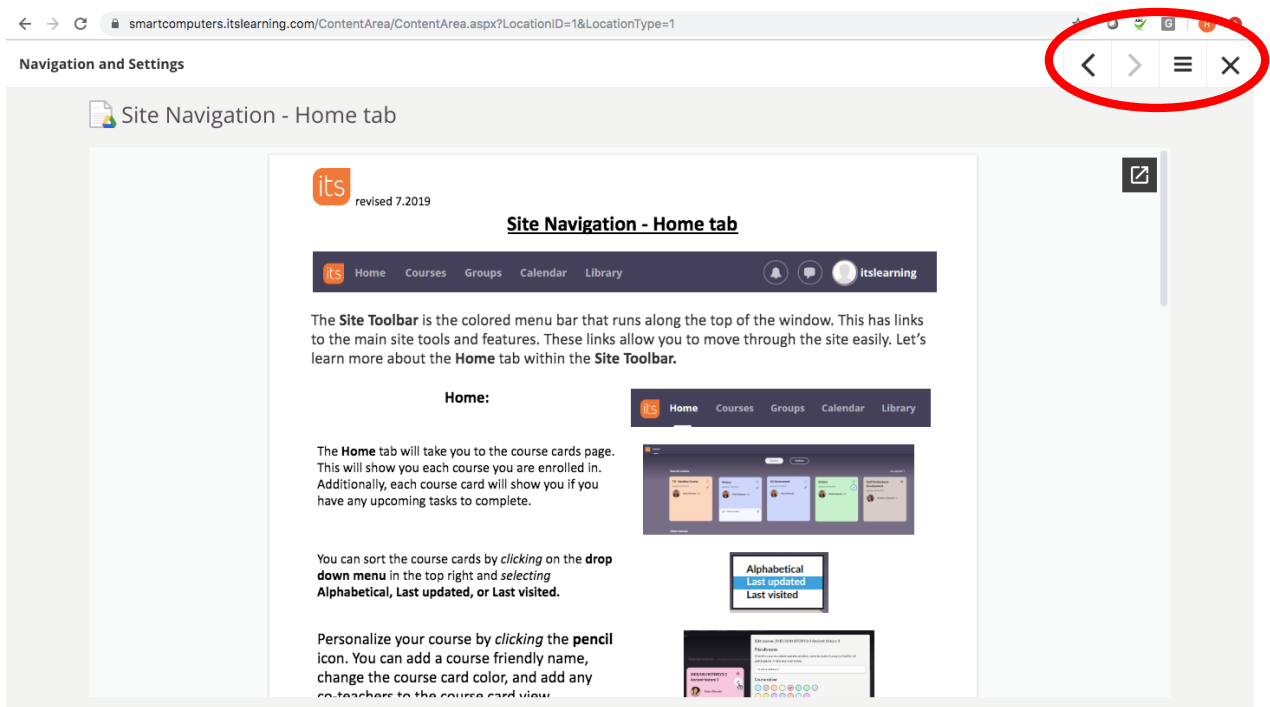

From the dashboard, click on Courses and choose the course in which you will be working.

Once in the course, you will click on the Start button to begin the plan that has been designed for you.

You will continue to walk through the plan using the arrow in the upper right corner.

When the plan is complete, the arrow greys out, and you will "x" out of the plan.
