School District Philosophy

Mission Statement and Goals

Philosophy

The Fair Play School District involves students, parents, community members, Board of Education, and staff members working together with high expectations for students to become:

- Educated
- Self-sufficient
- Responsible citizens
- Effective team members
- Cooperative problem-solvers
- Caring, pro-active adults

Mission Statement

Fair Play R-II School: Building Toward the Future on Today's Successes.

Goals

The Fair Play R-II School District should serve all the youth of the community by developing the following goals:

Education: To provide a free and appropriate education to meet the unique needs of all individuals.

Professional Development: To improve teacher performance by planning and implementing professional development.

School Environment: To provide a safe, clean, and aesthetically pleasing environment that is conducive to learning.

District Operations: (1) Provide for evaluation of all district-wide programs. (2) To maintain the fiscal records and physical environment of the school according to state regulations.

Community Involvement: To increase community involvement and communication between the Fair Play School District and the community.
