A note from your child's Special Education teacher

Dear Parent or Guardian,

First and foremost, I just want to say I hope everyone is staying well, safe, and active! I want to let everyone know that I miss you and I hope to see you all soon.

I know that these are unprecedented times, but I want to thank everyone for their hard work the last couple of weeks. This is new for everyone and if you or your child are struggling or have any questions, please reach out to either me or your homeroom teacher. We are all here to help in whatever way we can.

With that being said, I am not going to be sending any new work home for the next two weeks, but if you would like work, please let me know and I will be more than happy to get you some. If your child did not finish the packet work I sent home or work for their homeroom teachers, please continue to work on that. You can also read books to your child or have them read to you, play games that involve reading, or get on any online reading app that your child's classroom teacher has shared.

I plan to check in and may hold some review lessons with students after Spring Break via zoom, but more information about that is forthcoming. I will send more information out about this when it is finalized.

If there are any other questions or concerns, please let me know by emailing me.

Good luck,

Ms. Nykiel
