

Dear parents,

We want you to know that we are working very hard to continue educating our students throughout these uncharted times. While our school buildings are closed, we strive to create a seamless transition using our alternate methods to maintain uninterrupted instruction and curriculum for as long as needed.

Each of our core teachers have set up a Google Classroom where they will post assignments, video lessons, and links to various resources. We encourage your child to correspond with their teachers via Google Classroom. We also utilize our district Facebook page for posting of our weekly activities and challenges.

In the event that you do not have access to the internet, we have two options for you. Option one, we have paper copies of the AML lessons available. Teachers will be able to correspond with your child using email. The second option is that we can provide your student a device that has internet. This will allow him/her to continue their grade level curriculum through their Google Classrooms. So, if you do not have internet or have limited data or service, we can provide a device that can help. These devices are available upon request.

If you have internet but do not have a computer or working device, we can provide Chromebooks at your request.

To log in to Google Classroom:

1. Log into your school email
2. Go to the 'grid' in the upper right corner of your email
3. Click the grid and choose 'Classroom'
4. All your core subject areas should be listed
  - a. If you have a core class (Math, Eng., History, Science) that is not listed, you will need a code to join. Email your teacher and he/she can send you the class code.

We hope things are back to normal soon. Please know that we miss our students very much and are still here to educate and help your child learn. If you have questions, please feel free to email or call our office 870-283-5392. Due to the current situation our office our are Mon-Thurs. 8am-3pm and Fridays 8am-noon.

Take care and stay safe,

A handwritten signature in black ink that reads "Mark Smith". The signature is written in a cursive style with a large, looped "M" and a stylized "S".
