Staff Welfare

Board/Staff Communications

While the primary line of communication between the staff and the Board of Education remains through the Superintendent, the Board expresses a desire to maintain open communication with the certificated and support staff. Open communication between Board and staff facilitates continuing improvement of education and the proper disposition of personnel matters that may arise. The Board encourages teachers to join the professional organization of their choice. The Board believes positive relationships can be built between the Board and the teachers through these organizations.
