We have created a five-day plan to help with time management and consistency for students. We want all families to do what is best for them, understanding that students are not expected to spend more than 20 minutes per day per subject.

Students are always welcome to explore beyond the one article they are assigned. Just follow this link to access other daily articles, activities, and videos: <https://classroommagazines.scholastic.com/support/learnathome/grades-3-5.html>

In addition to completing the above activities, students are encouraged to read independently for 20 minutes each day. During our distance learning, students are allowed to take AR tests at home.

The following sites are good if you don't have access to any new books at this time.

- www.getepic.com (teacher must have an account) www.storylineonline.net/
<https://watch.vooks.com/browse> www.audible.com [Tumble Book Library](#)

Students are also welcome to continue learning on the websites we have used throughout the school year. These include:

[Classroom.google.com](https://classroom.google.com) You will need to log in to your google classroom to complete assignments.
