Directions

Included in this packet is 1 reading and 1 math activity for your child to complete each day. If you have access to a printer, feel free to print the pages. If you do not have access to a printer, the activities can still be completed either on regular paper or orally between you and your child. If you print the materials for your child, you may send me a picture of the completed materials to ClassDojo or by email at ncopeland@vanburenschools.org. If you do not print the materials, you can just send me a message at the end of the week telling me your child has completed the activities for the week. In the packet I have also included a list of sight words for your child to practice for a few minutes daily. If you have any questions along the way, please feel free to reach out.
