7. Discuss and review Coronavirus Plan

Board meetings need to maintain that they are open to the public. Future meetings will need to be set up via zoom and possibly use the gym to maintain social distancing guidelines. Senate Bill 142 passed requiring schools to have the attendance hours. It also requires schools to pay classified staff. Special education staff can only be used for special education students. The state of Kansas has cancelled person-to-person graduations. All extra-curricular activities have been cancelled. The guidelines for continued learning will be coming out this week. The schools will need to spend next week creating a Continuous Learning Plan for educating students until the end of the school.

Questions were asked about internet for students – do they all have access. Is there enough bandwidth.

Will kids be required to go to school, or can they opt out and do online. The board is concerned with the students' social emotional well-being. What about students who need daycare?

The board would like to meet again March 25, 2020 at 5:30 p.m.

Have waivers for students who do not want to come in the building. They will look at the seniors' graduation requirements. The juniors and seniors need to be able to pick up their chrome books Monday morning.

The board directed Mr. Rogers to send out a daily email to the board to let them know how plans are going.
