

April 13, 2020

Dear Middle School Families,

Hello. We are opening our third week of remote learning today. The teachers initially rallied to the cause by creating E-learning plans and offline packets. They are refining the activity plans, queuing into what works best. They have made great efforts to this end, and the response of our students has been outstanding. I am proud of you for keeping up with your learning. Warriors will persevere!

For cleanliness reasons, middle school lockers were cleared, bagged, and sent home last week. About 50 students have not picked up their locker contents. The next opportunity will be April 15 from 5:00 - 7:00 pm. We will be handing out bags at the drop off loop in front of the school. Please remain in or near your vehicle to maintain social distancing. For elementary concerns, see Mr. Gross' update, sent on April 10.

The order from the Governor to shelter-in-place remains through April 24. Please let me know if there is anything that we can do for you during this time. I'm also interested in hearing about how the learning activities are going at home. The middle school plan is for students to spend up to two hours per day engaged in structured learning. If you need to make adjustments for your child, reach out to a teacher for help. They are here for you.

Take care,

Mrs. Blair
