Smithton School Community:

The Smithton R-VI School District is excited to begin our partnership with Lumen Touch for our student information system. We will begin using Lumen Touch as our primary student information system starting July 1, 2023.

We have begun the process of moving data from our current system into the new Lumen Touch system. Over the next few weeks and months we will be sharing information on how to set up student and parent logins, how to set up payment information, how to access student schedules and how to register online for the 2023-24 school year.

We appreciate everyone's understanding as we shift to what we feel will be a much more effective system for student information and data management. Please watch for information about the upcoming online enrollment process and much more.

As always, thank you for your cooperation and don't hesitate to contact us with any questions or concerns. Have a great day.

Sincerely,

Central Office and Technology Department  
Smithton R-VI School District
