

Greetings, Longhorns! Normally this time of year, yearbook staffers would be busy capturing photos of all the amazing spring activities that go on at the elementary, middle, and high school. Activities that include spring sport events, awards assemblies, prom, and graduation to name a few. Since we are unable to proceed as normal, The JHS yearbook staff is asking you to help us complete our yearbook spring supplement. We still want to remember this time of year even if it doesn't look or feel like normal. We would love for you to submit images to the ReplayIt App provided by Jostens. It's an easy-to-use app that allows you to upload photos from your smartphone directly to our yearbook editing software. So while we may not be able to take pictures, you can submit them to us!

Please watch the short video below that includes instructions for how to use the ReplayIt app. Before you can register, you will have to search for Jones High School (regardless of your child's grade) once you've downloaded the app.

To focus your efforts and ensure we receive the types of images we would like to feature in the supplement, we are asking for the following types of images:

- 1. Pictures of **Elementary** students working on school work from home*
- 2. Pictures of **Middle School** students working on school work from home*
- 3. Pictures of **High School** students working on school work from home*
- 4. Pictures of **JHS** students wearing their **Prom** dresses/suits.*
- 5. Pictures of **ALL** seniors in their caps/gowns and holding a fake rolled up diploma (a simple piece of paper tied with a string or ribbon will do)*
- 6. Pictures of **High School** athletes training from home*
